§ 1759a. Special assistance funds

(a) Formula for computation of payments; computation for lunches to eligible children in schools funding service to ineligible children from non-Federal sources; special assistance factors; annual adjustments

(1) (A) Except as provided in section 1759 of this title, in each fiscal year each State educational agency shall receive special assistance payments in an amount equal to the sum of the product obtained by multiplying the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758 (a) of this title) served free to children eligible for such lunches in schools within that State during such fiscal year by the special assistance factor for free lunches prescribed by the Secretary for such fiscal year and the product obtained by multiplying the number of lunches served at a reduced price to children eligible for such reduced price lunches in schools within that State during such fiscal year by the special assistance factor for reduced price lunches prescribed by the Secretary for such fiscal year.

(B) Except as provided in subparagraph (C), (D), or (E), in the case of any school which determines that at least 80 percent of the children in attendance during a school year (hereinafter in this sentence referred to as the “first school year”) are eligible for free lunches or reduced price lunches, special assistance payments shall be paid to the State educational agency with respect to that school, if that school so requests for the school year following the first school year, on the basis of the number of free lunches or reduced price lunches, as the case may be, that are served by that school during the school year for which the request is made, to those children who were determined to be so eligible in the first school year and the number of free lunches and reduced price lunches served during that year to other children determined for that year to be eligible for such lunches.

(C) (i) Except as provided in subparagraph (D), in the case of any school or school district that—

(I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) during any period of 4 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

special assistance payments shall be paid to the State educational agency with respect to the school or school district during the period on the basis of the number of lunches or breakfasts determined under clause (ii) or (iii).

(ii) For purposes of making special assistance payments under clause (i), except as provided in clause (iii), the number of lunches or breakfasts served by a school or school district to children who are eligible for free lunches or breakfasts or reduced price lunches or breakfasts during each school year of the 4-school-year period shall be considered to be equal to the number of lunches or breakfasts served by the school or school district

to children eligible for free lunches or breakfasts or reduced price lunches or breakfasts during the first school year of the period.

(iii) For purposes of computing the amount of the payments, a school or school district may elect to determine on a more frequent basis the number of children who are eligible for free or reduced price lunches or breakfasts who are served lunches or breakfasts during the 4-school-year period.

- (D) (i) In the case of any school or school district that is receiving special assistance payments under this paragraph for a 4-school-year period described in subparagraph (C), the State may grant, at the end of the 4-school-year period, an extension of the period for an additional 4 school years, if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school or school district has remained stable.
- (ii) A school or school district described in clause (i) may reapply to the State at the end of the 4-school-year period, and at the end of each 4-school-year period thereafter for which the school or school district receives special assistance payments under this paragraph, for the purpose of continuing to receive the payments for a subsequent 4-school-year period.
- (iii) If the Secretary determines after considering the best available socioeconomic data that the income level of families of children enrolled in a school or school district has not remained stable, the Secretary may require the submission of applications for free and reduced price lunches, or for free and reduced price lunches and breakfasts, in the first school year of any 4-school-year period for which the school or school district receives special assistance payments under this paragraph, for the purpose of calculating the special assistance payments.
- (iv) For the purpose of updating information and reimbursement levels, a school or school district described in clause (i) that carries out a school lunch or school breakfast program may at any time require submission of applications for free and reduced price lunches or for free and reduced price lunches and breakfasts.

- (E) (i) In the case of any school or school district that—
- (I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program during any period of 4 successive school years; and
- (II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

total Federal cash reimbursements and total commodity assistance shall be provided to the State educational agency with respect to the school or school district at a level that is equal to the total Federal cash reimbursements and total commodity assistance received by the school or school district in the last school year for which the school or school district accepted applications under the school lunch or school breakfast program, adjusted annually for inflation in accordance with paragraph (3)(B) and for changes in enrollment, to carry out the school lunch or school breakfast program.

(ii) A school or school district described in clause (i) may reapply to the State at the end of the 4-school-year period described in clause (i), and at the end of each 4-school-year period thereafter for which the school or school district receives reimbursements and assistance under this subparagraph, for the purpose of continuing

to receive the reimbursements and assistance for a subsequent 4-school-year period. The State may approve an application under this clause if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school or school district has remained consistent with the income level of the population of the school or school district in the last school year for which the school or school district accepted the applications described in clause (i).

(2) The special assistance factor prescribed by the Secretary for free lunches shall be 98.75 cents and the special assistance factor for reduced price lunches shall be 40 cents less than the special assistance factor for free lunches.

(3) (A) The Secretary shall prescribe on July 1, 1982, and on each subsequent July 1, an annual adjustment in the following:

(i) The national average payment rates for lunches (as established under section 1753 of this title).

(ii) The special assistance factor for lunches (as established under paragraph (2) of this subsection).

(ii) **Basis.**— Each annual adjustment shall reflect the changes in the series for food away from home for the most recent 12-month period for which such data are available.

(iii) **Rounding.**—

(I) **Through June 30, 1999.**— For the period ending June 30, 1999, the adjustments made under this paragraph shall be computed to the nearest one-fourth cent, except that adjustments to payment rates for meals and supplements served to individuals not determined to be eligible for free or reduced price meals and supplements shall be computed to the nearest lower cent increment and based on the unrounded amount for the preceding 12-month period.

(II) **July 1, 1999, and thereafter.**— On July 1, 1999, and on each subsequent July 1, the national average payment rates for meals and supplements shall be adjusted to the nearest lower cent increment and shall be based on the unrounded amounts for the preceding 12-month period.

(b) Financing cost of free and reduced price lunches on basis of need of school for special assistance; maximum per lunch amount

Except as provided in section 10 of the Child Nutrition Act of 1966 [42 U.S.C. 1779], the special assistance payments made to each State agency during each fiscal year under the provisions of this section shall be used by such State agency to assist schools of that State in providing free and reduced price lunches served to children pursuant to section 1758 (b) of this title. The amount of such special assistance funds that a school shall from time to time receive, within a maximum per lunch amount established by the Secretary for all States, shall be based on the need of the school for such special assistance. (2) On request of the Secretary, the State educational agency of each State shall report to the Secretary the average number of children in the State who received free lunches and the average number of children in the State who received reduced price lunches during the immediately preceding month.

(e) Eligibility of commodity only schools for special assistance payments; free and reduced price meals; discrimination and identification prohibited
