§ 1501. Purposes

The purposes of this chapter are—

1 to strengthen the partnership between the Federal Government and State, local, and tribal governments;

2 to end the imposition, in the absence of full consideration by Congress, of Federal mandates on State, local, and tribal governments without adequate Federal funding, in a manner that may displace other essential State, local, and tribal governmental priorities;

3 to assist Congress in its consideration of proposed legislation establishing or revising Federal programs containing Federal mandates affecting State, local, and tribal governments, and the private sector by—

A providing for the development of information about the nature and size of mandates in proposed legislation; and

B establishing a mechanism to bring such information to the attention of the Senate and the House of Representatives before the Senate and the House of Representatives vote on proposed legislation;
(4) to promote informed and deliberate decisions by Congress on the appropriateness of Federal mandates in any particular instance;
(5) to require that Congress consider whether to provide funding to assist State, local, and tribal governments in complying with Federal mandates, to require analyses of the impact of private sector mandates, and through the dissemination of that information provide informed and deliberate decisions by Congress and Federal agencies and retain competitive balance between the public and private sectors;
(6) to establish a point-of-order vote on the consideration in the Senate and House of Representatives of legislation containing significant Federal intergovernmental mandates without providing adequate funding to comply with such mandates;
(7) to assist Federal agencies in their consideration of proposed regulations affecting State, local, and tribal governments, by—
   (A) requiring that Federal agencies develop a process to enable the elected and other officials of State, local, and tribal governments to provide input when Federal agencies are developing regulations; and
   (B) requiring that Federal agencies prepare and consider estimates of the budgetary impact of regulations containing Federal mandates upon State, local, and tribal governments and the private sector before adopting such regulations, and ensuring that small governments are given special consideration in that process; and
(8) to begin consideration of the effect of previously imposed Federal mandates, including the impact on State, local, and tribal governments of Federal court interpretations of Federal statutes and regulations that impose Federal intergovernmental mandates.

§ 1502. Definitions

For purposes of this chapter—
(1) except as provided in section 1555 of this title, the terms defined under section 658 of this title shall have the meanings as so defined; and
(2) the term “Director” means the Director of the Congressional Budget Office.

§ 1503. Exclusions

This chapter shall not apply to any provision in a bill, joint resolution, amendment, motion, or conference report before Congress and any provision in a proposed or final Federal regulation that—

1. enforces constitutional rights of individuals;
2. establishes or enforces any statutory rights that prohibit discrimination on the basis of race, color, religion, sex, national origin, age, handicap, or disability;
3. requires compliance with accounting and auditing procedures with respect to grants or other money or property provided by the Federal Government;
4. provides for emergency assistance or relief at the request of any State, local, or tribal government or any official of a State, local, or tribal government;
5. is necessary for the national security or the ratification or implementation of international treaty obligations;
6. the President designates as emergency legislation and that the Congress so designates in statute; or
7. relates to the old-age, survivors, and disability insurance program under title II of the Social Security Act [42 U.S.C. 401 et seq.] (including taxes imposed by sections 3101(a) and 3111(a) of title 26 (relating to old-age, survivors, and disability insurance)).

SUBCHAPTER I—LEGISLATIVE ACCOUNTABILITY AND REFORM

§ 1511. Cost of regulations

(a) Sense of Congress

It is the sense of the Congress that Federal agencies should review and evaluate planned regulations to ensure that the cost estimates provided by the Congressional Budget Office will be carefully considered as regulations are promulgated.

(b) Statement of cost

At the request of a committee chairman or ranking minority member, the Director shall, to the extent practicable, prepare a comparison between—

(1) an estimate by the relevant agency, prepared under section 1532 of this title, of the costs of regulations implementing an Act containing a Federal mandate; and

(2) the cost estimate prepared by the Congressional Budget Office for such Act when it was enacted by the Congress.

(c) Cooperation of Office of Management and Budget

At the request of the Director of the Congressional Budget Office, the Director of the Office of Management and Budget shall provide data and cost estimates for regulations implementing an Act containing a Federal mandate covered by part B of title IV of the Congressional Budget and Impoundment Control Act of 1974 [2 U.S.C. 658 et seq.].

§ 1512. Consideration for Federal funding

Nothing in this chapter shall preclude a State, local, or tribal government that already complies with all or part of the Federal intergovernmental mandates included in the bill, joint resolution, amendment, motion, or conference report from consideration for Federal funding under section 658d (a)(2) of this title for the cost of the mandate, including the costs the State, local, or tribal government is currently paying and any additional costs necessary to meet the mandate.

§ 1513. Impact on local governments

(a) Findings

The Senate finds that—

(1) the Congress should be concerned about shifting costs from Federal to State and local authorities and should be equally concerned about the growing tendency of States to shift costs to local governments;

(2) cost shifting from States to local governments has, in many instances, forced local governments to raise property taxes or curtail sometimes essential services; and

(3) increases in local property taxes and cuts in essential services threaten the ability of many citizens to attain and maintain the American dream of owning a home in a safe, secure community.

(b) Sense of Senate

It is the sense of the Senate that—

(1) the Federal Government should not shift certain costs to the State, and States should end the practice of shifting costs to local governments, which forces many local governments to increase property taxes;

(2) States should end the imposition, in the absence of full consideration by their legislatures, of State issued mandates on local governments without adequate State funding, in a manner that may displace other essential government priorities; and

(3) one primary objective of this chapter and other efforts to change the relationship among Federal, State, and local governments should be to reduce taxes and spending at all levels and to end the practice of shifting costs from one level of government to another with little or no benefit to taxpayers.

§ 1532. Statements to accompany significant regulatory actions

(a) In general

Unless otherwise prohibited by law, before promulgating any general notice of proposed rulemaking that is likely to result in promulgation of any rule that includes any Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100,000,000 or more (adjusted annually for inflation) in any 1 year, and before promulgating any final rule for which a general notice of proposed rulemaking was published, the agency shall prepare a written statement containing—

(1) an identification of the provision of Federal law under which the rule is being promulgated;

(2) a qualitative and quantitative assessment of the anticipated costs and benefits of the Federal mandate, including the costs and benefits to State, local, and tribal governments or the private sector, as well as the effect of the Federal mandate on health, safety, and the natural environment and such an assessment shall include—

(B) the extent to which there are available Federal resources to carry out the intergovernmental mandate;

(3) estimates by the agency, if and to the extent that the agency determines that accurate estimates are reasonably feasible, of—

(4) estimates by the agency of the effect on the national economy, such as the effect on productivity, economic growth, full employment, creation of productive jobs, and international competitiveness of United States goods and services, if and to the extent that the agency in its sole discretion determines that accurate estimates are reasonably feasible and that such effect is relevant and material; and
(5) (A) a description of the extent of the agency’s prior consultation with elected representatives (under section 1534 of this title) of the affected State, local, and tribal governments;
    (B) a summary of the comments and concerns that were presented by State, local, or tribal governments either orally or in writing to the agency; and
    (C) a summary of the agency’s evaluation of those comments and concerns.

(b) Promulgation

In promulgating a general notice of proposed rulemaking or a final rule for which a statement under subsection (a) of this section is required, the agency shall include in the promulgation a summary of the information contained in the statement.

(c) Preparation in conjunction with other statement

Any agency may prepare any statement required under subsection (a) of this section in conjunction with or as a part of any other statement or analysis, provided that the statement or analysis satisfies the provisions of subsection (a) of this section.

§ 1533. Small government agency plan

(a) Effects on small governments

Before establishing any regulatory requirements that might significantly or uniquely affect small governments, agencies shall have developed a plan under which the agency shall—

(b) Meetings between State, local, tribal and Federal officers

The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to actions in support of intergovernmental communications where—

§ 1535. Least burdensome option or explanation required

(a) In general

Except as provided in subsection (b) of this section, before promulgating any rule for which a written statement is required under section 1532 of this title, the agency shall identify and consider a reasonable number of regulatory alternatives and from those alternatives select the least costly, most cost-effective or least burdensome alternative that achieves the objectives of the rule, for—

(1) State, local, and tribal governments, in the case of a rule containing a Federal intergovernmental mandate; and

(2) the private sector, in the case of a rule containing a Federal private sector mandate.

(b) Exception

The provisions of subsection (a) of this section shall apply unless—

(1) the head of the affected agency publishes with the final rule an explanation of why the least costly, most cost-effective or least burdensome method of achieving the objectives of the rule was not adopted; or

(2) the provisions are inconsistent with law.

(b) Considerations

The study required by this section shall consider—

(1) the feasibility of measuring indirect costs and benefits as well as direct costs and benefits of the Federal, State, local, and tribal relationship; and

(2) how to measure both the direct and indirect benefits of Federal financial assistance and tax benefits to State, local, and tribal governments.

§ 1552. Report on Federal mandates by Advisory Commission on Intergovernmental Relations

(a) In general

The Advisory Commission on Intergovernmental Relations shall in accordance with this section—

(1) investigate and review the role of Federal mandates in intergovernmental relations and their impact on State, local, tribal, and Federal government objectives and responsibilities, and their impact on the competitive balance between State, local, and tribal governments, and the private sector and consider views of and the impact on working men and women on those same matters;

(2) investigate and review the role of unfunded State mandates imposed on local governments;

(3) make recommendations to the President and the Congress regarding—

(A) allowing flexibility for State, local, and tribal governments in complying with specific Federal mandates for which terms of compliance are unnecessarily rigid or complex;

(F) establishing common Federal definitions or standards to be used by State, local, and tribal governments in complying with Federal mandates that use different definitions or standards for the same terms or principles; and

(G) the mitigation of negative impacts on the private sector that may result from relieving State, local, and tribal governments from Federal mandates (if and to the extent that such negative impacts exist on the private sector); and
(ii) the feasibility of applying relief from Federal mandates in the same manner and to the same extent to private sector entities as such relief is applied to State, local, and tribal governments; and

(4) identify and consider in each recommendation made under paragraph (3), to the extent practicable—

(A) the specific Federal mandates to which the recommendation applies, including requirements of the departments, agencies, and other entities of the Federal Government that State, local, and tribal governments utilize metric systems of measurement; and

(B) any negative impact on the private sector that may result from implementation of the recommendation.

(C) issue final criteria under this subsection.

(c) Preliminary report

(1) In general

No later than 9 months after March 22, 1995, the Commission shall—

(A) prepare and publish a preliminary report on its activities under this subchapter, including preliminary recommendations pursuant to subsection (a) of this section;

(C) provide copies of the preliminary report to the public upon request.

(2) Public hearings

The Commission shall hold public hearings on the preliminary recommendations contained in the preliminary report of the Commission under this subsection.

(d) Final report

No later than 3 months after the date of the publication of the preliminary report under subsection (c) of this section, the Commission shall submit to the Congress, including the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, the Committee on the Budget of the Senate, and the Committee on the Budget of the House of Representatives, and to the President a final report on the findings, conclusions, and recommendations of the Commission under this section.

In carrying out this section, the Advisory Commission shall give the highest priority to immediately investigating, reviewing, and making recommendations regarding Federal mandates that are the subject of judicial proceedings between the United States and a State, local, or tribal government.
