Short Title of 1983 Amendment

§ 1561. Definition of terms

(a) When used in this chapter—

(1) The term “United States” means the several States, District of Columbia, and Puerto Rico.

(2) The term “person” includes a partnership, corporation, company, society, or association.

(3) The term “interstate commerce” means—

(A) commerce between any State, Territory, possession, or the District of Columbia, and any other State, Territory, possession, or the District of Columbia; or

(B) commerce between points within the same State, Territory, or possession, or the District of Columbia, but through any place outside thereof; or

(C) commerce within the District of Columbia.

(4) For the purposes of this chapter with respect to labeling for treatment, variety and origin (but not in anywise limiting the foregoing definition), seeds shall be considered to be in interstate commerce, or delivered for transportation in interstate commerce, if such seeds are part of, or delivered for transportation in, that current of commerce usual in the transportation and/or merchandising of seeds, whereby such seeds are sent from one State with the expectation that they will end their transit in another, including, in addition to cases within the above general description, all cases where seeds are transported or delivered for transportation to another State, or for processing or cleaning for seeding purposes within the State and shipment outside the State of the processed or cleaned seeds. Seeds normally in such current of commerce shall not be considered out of such current through resort being had to any means or device intended to remove transactions in respect thereto from the provisions of this chapter.

(5) The term “foreign commerce” means commerce between the United States, its possessions, or any Territory of the United States, and any foreign country.

(a) The term “district court of the United States” means any court exercising the powers of a district court of the United States.

(b) Omitted

(7) The term—

(A) “Agricultural seeds” shall mean grass, forage, and field crop seeds which the Secretary of Agriculture finds are used for seeding purposes in the United States and which he lists in the rules and regulations prescribed under section 1592 of this title.

(B) “Vegetable seeds” shall include the seeds of those crops that are or may be grown in gardens or on truck farms and are or may be generally known and sold under the name of vegetable seeds.

(8) For the purpose of subchapter II of this chapter, the term “weed seeds” means the seeds or bulblets of plants recognized as weeds either by the law or rules and regulations of—

(A) The State into which the seed is offered for transportation, or transported; or

(B) Puerto Rico, Guam, or District of Columbia into which transported, or District of Columbia in which sold.

(9) (A) For the purpose of subchapter II of this chapter, the term “noxious-weed seeds” means the seeds or bulblets of plants recognized as noxious—

(i) by the law or rules and regulations of the State into which the seed is offered for transportation, or transported;

(ii) by the law or rules and regulations of Puerto Rico, Guam, or the District of Columbia, into which transported, or District of Columbia in which sold; or

(B) Omitted
(iii) by the rules and regulations of the Secretary of Agriculture under this chapter, when after investigation he shall determine that a weed is noxious in the United States or in any specifically designated area thereof.  

(B) For the purpose of subchapter III of this chapter, the term “noxious-weed seeds” means the seeds of Lepidium draba L., Lepidium repens (Schrenk) Boiss., Hymenophysea pubescens C. A. Mey., white top; Cirsium arvense (L.) Scop., Canada thistle; Cuscuta spp., dodder; Agropyron repens (L.) Beauv., quackgrass; Sorghum halepense (L.) (11) The term “kind” means one or more related species or subspecies which singly or collectively is known by one common name, for example, soybean, flax, carrot, radish, cabbage, cauliflower, and so forth.  

(12) The term “variety” means a subdivision of a kind which is characterized by growth, plant, fruit, seed, or other characters by which it can be differentiated from other sorts of the same kind, for example, Marquis wheat, Flat Dutch cabbage, Manchu soybeans, Oxheart carrot, and so forth.  

(13) The term “type” means either  

(A) a group of varieties so nearly similar that the individual varieties cannot be clearly differentiated except under special conditions, or  

(B) when used with a variety name means seed of the variety named which may be mixed with seed of other varieties of the same kind and of similar character, the manner of and the circumstances connected with the use of the designation to be governed by rules and regulations prescribed under section 1592 of this title.  

(14) The term “germination” means the percentage of seeds capable of producing normal seedlings under ordinarily favorable conditions (not including seeds which produce weak, malformed, or obviously abnormal sprouts), determined by methods prescribed under section 1593 of this title.  

(15) The term “hard seeds” means the percentage of seeds which because of hardness or impermeability do not absorb moisture or germinate under prescribed tests but remain hard during the period prescribed for germination of the kind of seed concerned, determined by methods prescribed under section 1593 of this title.

(21) The term “screenings” shall include chaff, sterile florets, immature seed, weed seed, inert matter, and any other materials removed in any way from any seeds in any kind of cleaning or processing and which contain less than 25 per centum of live agricultural or vegetable seeds.

(22) The term “in bulk” refers to seed when loose either in vehicles of transportation or in storage, and not to seed in bags or other containers.

(23) The term “treated” means given an application of a substance or subjected to a process designed to reduce, control, or repel disease organisms, insects or other pests which attack seeds or seedlings growing therefrom.

(24) The term “seed certifying agency” means

(A) an agency authorized under the laws of a State, Territory, or possession, to officially certify seed and which has standards and procedures approved by the Secretary (after due notice, hearings, and full consideration of the views of farmer users of certified seed and other interested parties) to assure the genetic purity and identity of the seed certified, or

(B) an agency of a foreign country determined by the Secretary of Agriculture to adhere to procedures and standards for seed certification comparable to those adhered to generally by seed certifying agencies under (A).

Codification
Section was enacted without a subsec. (b).

Former subsec. (a)(6)(b), which extended the former term “circuit court of appeals,” in case the principal place of business or residence of the person against whom a cease and desist order was issued was in the District of Columbia, to the United States Court of Appeals for the District of Columbia, for purposes of this chapter, has been omitted from the Code as obsolete due to the enactment of act June 25, 1948. The District of Columbia is now a judicial circuit under sections 41 and 43 of Title 28, Judiciary and Judicial Procedure. See, also, Change of Name notes under sections 1599, 1600, and 1601 of this title.

Amendments
1983—Subsec. (a)(8). Pub. L. 97–439, § 5(a)(1)(B), struck out “(A)” before “For the purpose of subchapter II of this chapter”.

Subsec. (a)(8)(B). Pub. L. 97–439, § 5(a)(1)(A), (D), substituted “(B)” for “(ii)” before “Puerto Rico, Guam, or District of Columbia” and struck out a former subpar. (B) which had, for purposes of subchapter III, defined “weed seeds” to mean seeds or bulblets of plants found by Secretary to be detrimental to agricultural interests of the United States or any part thereof.

Subsec. (a)(17). Pub. L. 97–439, § 5(a)(2), redesignated par. (18) as (17). Former par. (17), which, for purposes of subchapter III, had defined “pure live seed” as the portion of any lot of seed subject to this chapter consisting of live agricultural or vegetable seed determined by methods prescribed under section 1593 of this title, was struck out.

1969—Subsec. (a)(25). Pub. L. 91–89 inserted provision authorizing Secretary (after due notice, hearing, and full consideration of the views of interested parties) to approve of the standards and procedures of seed certifying agencies authorized under the laws of a State, Territory, or possession.

Subsec. (a)(8), (a)(17), redesignated as (a)(8)(A), (17), respectively.
§ 1562. False representations as certified seed; required provisions

Any labeling, advertisement, or other representation subject to this chapter which represents that any seed is certified seed or any class thereof shall be deemed to be false in this respect unless

(a) it has been determined by a seed certifying agency that such seed conformed to standards of genetic purity and identity as to kind or variety, and is in compliance with the rules and regulations of such agency pertaining to such seed; and

(b) the seed bears an official label issued for such seed by a seed certifying agency certifying that the seed is of a specified class and a specified kind or variety. Seed of a variety for which a certificate of plant variety protection under the Plant Variety Protection Act [7 U.S.C. 2321 et seq.] specifies sale only as a class of certified seed shall be certified only when

(1) the basic seed from which the variety was produced furnished by authority of the owner of the variety if the certification is made during the term of protection, and

(2) it conforms to the number of generations designated by the certificate, if the certificate contains such a designation.

References in Text

The Plant Variety Protection Act, referred to in text, is Pub. L. 91–577, Dec. 24, 1970, 84 Stat. 1542, as amended, which is classified principally to chapter 57 (§ 2321 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 2321 of this title and Tables.

Amendments

1970—Pub. L. 91–577 inserted provisions setting out conditions for certification of seed of any variety for which a certificate of plant variety protection under the Plant Variety Protection Act specifies sale only as a class of certified seed.

1969—Pub. L. 91–89 struck out references to registered seed, and required labels, advertisement, or other representations to certify that the seed contained therein was determined by a seed certifying agency to be of a specified class and a specified kind of variety in conformity with the standards of genetic purity and identity as to kind or variety.

SUBCHAPTER II—INTERSTATE COMMERCE

§ 1571. Prohibitions relating to interstate commerce in certain seeds

It shall be unlawful for any person to transport or deliver for transportation in interstate commerce—

The provisions of sections 1571(a) and (b) of this title relative to the labeling of agricultural and vegetable seeds with the percentages of the kind or kind and variety of seeds shall not be deemed violated if there are seeds in the container or bulk which could not be, or were not, identified because of their indistinguishability in appearance from the seeds intended to be transported or delivered for transportation in interstate commerce: Provided, That the records of the person charged with the duty under said section of labeling or invoicing the seeds, kept in accordance with the rules and regulations of the Secretary of Agriculture, together with other pertinent facts, disclose that said person has taken reasonable precautions to insure the identity of the seeds to be that stated.
(e) Name of substance used in treatment of seeds

The provisions of section 1571 (i) of this title relative to the labeling of agricultural and vegetable seeds with the name of any substance used in the treatment of seeds shall not be deemed violated if the substance or substances used in such treatment could not be or were not identified because of their indistinguishability from the substance or substances intended to be used in the treatment of the seeds: Provided, That the records of the person charged with the duty under said section of labeling or invoicing the seeds, kept in accordance with the rules and regulations of the Secretary of Agriculture, together with other pertinent facts, disclosed that said person has taken reasonable precautions to insure the identity of the substance or substances to be as stated.

An order made under section 1599 of this title shall be final and conclusive unless within thirty days after the service the person appeals to the court of appeals for the circuit in which such person resides or has his principal place of business by filing with the clerk of such court a written petition praying that the Secretary’s order be set aside or modified in the manner stated in the petition, together with a bond in such sum as the court may determine, conditioned that such person will pay the costs of the proceedings if the court so directs.

At any time after such petition is filed the court, on application of the Secretary, may issue a temporary injunction restraining, to the extent it deems proper, the person and his officers,
directors, agents, and employees from violating any of the provisions of the order pending the final determination of the appeal.

The evidence so taken or admitted and filed as aforesaid as a part of the record, shall be considered by the court as the evidence in the case.

The court may affirm, modify, or set aside the order of the Secretary.

If the court determines that the just and proper disposition of the case requires the taking of additional evidence, the court shall order the hearing to be reopened for the taking of such evidence, in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings and his recommendations, if any, for the modification or setting aside of his order, with the return of such additional evidence.
