CHAPTER 48—HUMANE METHODS OF LIVESTOCK SLAUGHTER

Sec.
1901. Findings and declaration of policy.
1902. Humane methods.
1903. Repealed.
1904. Methods research; designation of methods.
1905. Repealed.
1906. Exemption of ritual slaughter.
1907. Practices involving nonambulatory livestock.

§ 1901. Findings and declaration of policy

The Congress finds that the use of humane methods in the slaughter of livestock prevents needless suffering; results in safer and better working conditions for persons engaged in the slaughtering industry; brings about improvement of products and economies in slaughtering operations; and produces other benefits for producers, processors, and consumers which tend to expedite an orderly flow of livestock and livestock products in interstate and foreign commerce. It is therefore declared to be the policy of the United States that the slaughtering of livestock and the handling of livestock in connection with slaughter shall be carried out only by humane methods.

(Pub. L. 85–765, § 1, Aug. 27, 1958, 72 Stat. 862.)

Short Title of 1978 Amendment

Enforcement of Humane Methods of Slaughter Act of 1958

“(a) Sense of Congress.—It is the sense of Congress that the Secretary of Agriculture should—

“(1) continue tracking the number of violations of Public Law 85–765 (7 U.S.C. 1901 et seq.; commonly known as the ‘Humane Methods of Slaughter Act of 1958’) and report the results and relevant trends annually to Congress; and

“(2) fully enforce Public Law 85–765 by ensuring that humane methods in the slaughter of livestock—

“(A) prevent needless suffering;

“(B) result in safer and better working conditions for persons engaged in slaughtering operations;

“(C) bring about improvement of products and economies in slaughtering operations; and

“(D) produce other benefits for producers, processors, and consumers that tend to expedite an orderly flow of livestock and livestock products in interstate and foreign commerce.

“(b) United States Policy.—It is the policy of the United States that the slaughtering of livestock and the handling of livestock in connection with slaughter shall be carried out only by humane methods, as provided by Public Law 85–765.”

Commercial Transportation of Equine for Slaughter

“SEC. 901. FINDINGS.

“Because of the unique and special needs of equine being transported to slaughter, Congress finds that it is appropriate for the Secretary of Agriculture to issue guidelines for the regulation of the commercial transportation of equine for slaughter by persons regularly engaged in that activity within the United States.

“SEC. 902. DEFINITIONS.
“In this subtitle:

“(1) Commercial transportation.—The term ‘commercial transportation’ means the regular operation for profit of a transport business that uses trucks, tractors, trailers, or semitrailers, or any combination thereof, propelled or drawn by mechanical power on any highway or public road.

“(2) Equine for slaughter.—The term ‘equine for slaughter’ means any member of the Equidae family being transferred to a slaughter facility, including an assembly point, feedlot, or stockyard.

“(3) Person.—The term ‘person’—

“(A) means any individual, partnership, corporation, or cooperative association that regularly engages in the commercial transportation of equine for slaughter; but

“(B) does not include any individual or other entity referred to in subparagraph (A) that occasionally transports equine for slaughter incidental to the principal activity of the individual or other entity in production agriculture.

“SEC. 903. REGULATION OF COMMERCIAL TRANSPORTATION OF EQUINE FOR SLAUGHTER.

“(a) In General.—Subject to the availability of appropriations, the Secretary of Agriculture may issue guidelines for the regulation of the commercial transportation of equine for slaughter by persons regularly engaged in that activity within the United States.

“(b) Issues for Review.—In carrying out this section, the Secretary of Agriculture shall review the food, water, and rest provided to equine for slaughter in transit, the segregation of stallions from other equine during transit, and such other issues as the Secretary considers appropriate.

“(c) Additional Authority.—In carrying out this section, the Secretary of Agriculture may—

“(1) require any person to maintain such records and reports as the Secretary considers necessary;

“(2) conduct such investigations and inspections as the Secretary considers necessary; and

“(3) establish and enforce appropriate and effective civil penalties.

“SEC. 904. LIMITATION OF AUTHORITY TO EQUINE FOR SLAUGHTER.

“Nothing in this subtitle authorizes the Secretary of Agriculture to regulate the routine or regular transportation, to slaughter or elsewhere, of—

“(1) livestock other than equine; or

“(2) poultry.

“SEC. 905. EFFECTIVE DATE.

“This subtitle shall become effective on the first day of the first month that begins 30 days or more after the date of enactment of this Act [Apr. 4, 1996].”

§ 1902. Humane methods

No method of slaughtering or handling in connection with slaughtering shall be deemed to comply with the public policy of the United States unless it is humane. Either of the following two methods of slaughtering and handling are hereby found to be humane:

(a) in the case of cattle, calves, horses, mules, sheep, swine, and other livestock, all animals are rendered insensible to pain by a single blow or gunshot or an electrical, chemical or other means that is rapid and effective, before being shackled, hoisted, thrown, cast, or cut; or

(b) by slaughtering in accordance with the ritual requirements of the Jewish faith or any other religious faith that prescribes a method of slaughter whereby the animal suffers loss of consciousness by anemia of the brain caused by the simultaneous and instantaneous severance of the carotid arteries with a sharp instrument and handling in connection with such slaughtering.

§ 1904. Methods research; designation of methods
In furtherance of the policy expressed herein the Secretary is authorized and directed—
(a) to conduct, assist, and foster research, investigation, and experimentation to develop and determine methods of slaughter and the handling of livestock in connection with slaughter which are practicable with reference to the speed and scope of slaughtering operations and humane with reference to other existing methods and then current scientific knowledge; and
(b) on or before March 1, 1959, and at such times thereafter as he deems advisable, to designate methods of slaughter and of handling in connection with slaughter which, with respect to each species of livestock, conform to the policy stated in this chapter. If he deems it more effective, the Secretary may make any such designation by designating methods which are not in conformity with such policy. Designations by the Secretary subsequent to March 1, 1959, shall become effective 180 days after their publication in the Federal Register.

§ 1906. Exemption of ritual slaughter

Nothing in this chapter shall be construed to prohibit, abridge, or in any way hinder the religious freedom of any person or group. Notwithstanding any other provision of this chapter, in order to protect freedom of religion, ritual slaughter and the handling or other preparation of livestock for ritual slaughter are exempted from the terms of this chapter. For the purposes of this section the term “ritual slaughter” means slaughter in accordance with section 1902 (b) of this title.

Based on the findings of the report, if the Secretary determines it necessary, the Secretary shall promulgate regulations to provide for the humane treatment, handling, and disposition of nonambulatory livestock by stockyards, market agencies, and dealers.
