TITLE 16—CONSERVATION

Chap. ...Sec.
1. National Parks, Military Parks, Monuments, and Seashores ...1
1A. Historic Sites, Buildings, Objects, and Antiquities ...461
1B. Archaeological Resources Protection ...470aa
1C. Paleontological Resources Preservation ...470aaa
2. National Forests ...471
3. Forests; Forest Service; Reforestation; Management ...551
3A. Unemployment Relief Through Performance of Useful Public Work [Omitted or Repealed] ...584
3B. Soil Conservation ...590a
3C. Water Conservation ...590r
4. Protection of Timber, and Depredations ...591
5. Protection of Fur Seals and Other Fur-Bearing Animals ...631
5A. Protection and Conservation of Wildlife ...661
5B. Wildlife Restoration ...669
5C. Conservation Programs on Government Lands ...670a
6. Game and Bird Preserves; Protection ...671
7. Protection of Migratory Game and Insectivorous Birds ...701
8. Upper Mississippi River National Wildlife and Fish Refuge ...721
9. Fish and Wildlife Service ...741
9A. Preservation of Fishery Resources ...755
9B. National Fish Hatchery System Enhancement ...760aa
10. Northern Pacific Halibut Fishing ...761
10A. Sockeye or Pink Salmon Fishing [Repealed] ...776
10B. Fish Restoration and Management Projects ...777
10C. Fish Research and Experimentation Program ...778
10D. State Commercial Fisheries Research and Development Projects [Repealed] ...779
11. Regulation of Landing, Curing, and Sale of Sponges Taken From Gulf of Mexico and Straits of Florida ...781
12. Federal Regulation and Development of Power ...791
12A. Tennessee Valley Authority ...831
12B. Bonneville Project ...832
12C. Fort Peck Project ...833
12D. Columbia Basin Project ...835
12E. Niagara Power Project ...836
12F. Pacific Northwest Consumer Power Preference; Reciprocal Priority in Other Regions ...837
12G. Pacific Northwest Federal Transmission System ...838
12H. Pacific Northwest Electric Power Planning and Conservation ...839
13. Regulation of Transportation in Interstate or Foreign Commerce of Black Bass and Other Fish [Repealed] ...851
14. Regulation of Whaling ...901
14A. Whale Conservation and Protection ...917
15. Predatory Sea Lampreys in the Great Lakes [Omitted] ...921
15A. Great Lakes Fisheries ...931
15B. Great Lakes Fish and Wildlife Restoration ...941
15C. Great Lakes Fish and Wildlife Tissue Bank ...943
16. Tuna Conventions ...951
16A. Atlantic Tuna Convention ...971
16B. Eastern Pacific Tuna Fishing ...972
16C. South Pacific Tuna Fishing ...973
17. Northwest Atlantic Fisheries [Repealed] ...981
18. Watershed Protection and Flood Prevention ...1001
18A. Cooperative Watershed Management Program ...1015
19. North Pacific Fisheries [Repealed or Transferred] ...1021
20. National Fisheries Center and Aquarium ...1051
21. Prohibition of Foreign Fishing Vessels in the Territorial Waters of the United States [Repealed] ...1081
21A. Fisheries Zone Contiguous to Territorial Sea of the United States [Repealed] ...1091
21B. Prohibition of Certain Foreign Fishing Vessels in United States Fisheries [Omitted] ...1100
21C. Offshore Shrimp Fisheries [Omitted] ...1100b
22. International Parks ...1101
23. National Wilderness Preservation System ...1131
24. Conservation and Protection of North Pacific Fur Seals ...1151
25. Jellyfish or Sea Nettles, Other Such Pests, and Seaweed in Coastal Waters: Control or Elimination ...1201
25A. Crown of Thorns Starfish ...1211
25B. Reefs for Marine Life Conservation ...1220
26. Estuarine Areas ...1221
27. National Trails System ...1241
27A. National Recreational Trails Fund ...1261
28. Wild and Scenic Rivers ...1271
29. Water Bank Program for Wetlands Preservation ...1301
30. Wild Horses and Burros: Protection, Management, and Control ...1331
31. Marine Mammal Protection ...1361
32. Marine Sanctuaries ...1431
32A. Regional Marine Research Programs ...1447
33. Coastal Zone Management ...1451
34. Rural Environmental Conservation Program [Repealed] ...1501
35. Endangered Species ...1531
36. Forest and Rangeland Renewable Resources Planning ...1600

91. National Landscape Conservation System ...7201
92. Forest Landscape Restoration ...7301
§ 836. Authorization to license construction and operation; licensing conditions

(a) The Federal Energy Regulatory Commission is expressly authorized and directed to issue a license to the Power Authority of the State of New York for the construction and operation of a power project with capacity to utilize all of the United States share of the water of the Niagara River permitted to be used by international agreement.

(b) The Federal Energy Regulatory Commission shall include among the licensing conditions, in addition to those deemed necessary and required under the terms of the Federal Power Act [16 U.S.C. 791a et seq.], the following:

(1) In order to assure that at least 50 per centum of the project power shall be available for sale and distribution primarily for the benefit of the people as consumers, particularly domestic and rural consumers, to whom such power shall be made available at the lowest rates reasonably possible and in such manner as to encourage the widest possible use, the licensee in disposing of 50 per centum of the project power shall give preference and priority to public bodies and nonprofit cooperatives within economic transmission distance. In any case in which project power subject to the preference provisions of this paragraph is sold to utility companies organized and administered for profit, the licensee shall make flexible arrangements and contracts providing for the withdrawal upon reasonable notice and fair terms of enough power to meet the reasonably foreseeable needs of the preference customers.

(2) The licensee shall make a reasonable portion of the project power subject to the preference provisions of paragraph (1) of this subsection available for use within reasonable economic transmission distance in neighboring States, but this paragraph shall not be construed to require more than 20 per centum of the project power subject to such preference provisions to be made available for use in such States. The licensee shall cooperate with the appropriate agencies in such States to insure compliance with this requirement. In the event of disagreement between the licensee and the power-marketing agencies of any of such States, the Federal Energy Regulatory Commission may, after public hearings, determine and fix the applicable portion of power to be made available and the terms applicable thereto: Provided, That if any such State shall have designated a bargaining agency for the procurement of such power on behalf of such State, the licensee shall deal only with such agency in that State. The arrangements made by the licensee for the sale of power to or in such States shall include observance of the preferences in paragraph (1) of this subsection.

(3) The licensee shall contract, with the approval of the Governor of the State of New York, pursuant to the procedure established by New York law, to sell to the licensee of Federal Energy Regulatory Commission project 16 for a period ending not later than the final maturity date of the bonds initially issued to finance the project works herein specifically authorized, four hundred and forty-five thousand kilowatts of the remaining project power, which is equivalent to the amount produced by project 16 prior to June 7, 1956, for resale generally to the industries which purchased power produced by project 16 prior to such date, or their successors, in order as nearly as possible to restore low power costs to such industries and for the same general purposes for which power from project 16 was utilized: Provided, That the licensee of project 16 consents to the surrender of its license at the completion of the construction of such project works upon terms agreed to by both licensees and approved by the Federal Energy Regulatory Commission which shall include the following: (a) the licensee of project 16 shall waive and release any claim for compensation or damages from the Power Authority of the State of New York or from the State of New York, except just compensation for tangible property and rights-of-way actually taken, and (b) without limiting
the generality of the foregoing, the licensee of project 16 shall waive all claims to compensation or damages based upon loss of or damage to riparian rights, diversionary rights, or other rights relating to the diversion or use of water, whether founded on legislative grant or otherwise.

(4) The licensee shall, if available on reasonable terms and conditions, acquire by purchase or other agreement, the ownership or use of, or if unable to do so, construct such transmission lines as may be necessary to make the power and energy generated at the project available in wholesale quantities for sale on fair and reasonable terms and conditions to privately owned companies, to the preference customers enumerated in paragraph (1) of this subsection, and to the neighboring States in accordance with paragraph (2) of this subsection.

(5) In the event project power is sold to any purchaser for resale, contracts for such sale shall include adequate provisions for establishing resale rates, to be approved by the licensee, consistent with paragraphs (1) and (3) of this subsection.

(6) The licensee, in cooperation with the appropriate agency of the State of New York which is concerned with the development of parks in such State, may construct a scenic drive and park on the American side of the Niagara River, near the Niagara Falls, pursuant to a plan the general outlines of which shall be approved by the Federal Energy Regulatory Commission; and the cost of such drive and park shall be considered a part of the cost of the power project and part of the licensee’s net investment in said project: Provided, That the maximum part of the cost of such drive and park to be borne by the power project and to be considered a part of the licensee’s net investment shall not exceed $15,000,000.

(7) The licensee shall pay to the United States and include in its net investment in the project herein authorized the United States share of the cost of the construction of the remedial works, including engineering and economic investigations, undertaken in accordance with article II of the treaty between the United States of America and Canada concerning uses of the waters of the Niagara River signed February 27, 1950, whenever such remedial works are constructed.

References in Text

The Federal Power Act, referred to in subsec. (b), is act June 10, 1920, ch. 285, 41 Stat. 1063, which is classified generally to chapter 12 (§ 791a et seq.) of this title. For complete classification of this Act to the Code, see section 791a of this title and Tables.

Transfer of Functions

Federal Power Commission terminated and its functions, personnel, property, funds, etc., transferred to Secretary of Energy (except for certain functions transferred to Federal Energy Regulatory Commission) by sections 7151 (b), 7171 (a), 7172 (a), 7291, and 7293 of Title 42.

§ 836a. Rules governing issuance of license

The license issued under the terms of this chapter shall be granted in conformance with Rules of Practice and Procedure of the Federal Energy Regulatory Commission, but in the event of any conflict, the provisions of this chapter shall govern in respect of the project herein authorized.

Transfer of Functions

“Federal Energy Regulatory Commission” substituted for “Federal Power Commission” in subsecs. (a) and (b) pursuant to Pub. L. 95–91, § 402(a)(1)(A), which is classified to section 7172 (a)(1)(A) of Title 42, The Public Health and Welfare.

Federal Power Commission terminated and its functions, personnel, property, funds, etc., transferred to Secretary of Energy (except for certain functions transferred to Federal Energy Regulatory Commission) by sections 7151 (b), 7171 (a), 7172 (a), 7291, and 7293 of Title 42.
