§ 2401. Congressional findings and declaration of purpose

(a) Findings

The Congress finds that—

(1) for well over a quarter of a century, scientific investigation has been the principal activity of the Federal Government and United States nationals in Antarctica;
(2) more recently, interest of American tourists in Antarctica has increased;
(3) as the lead civilian agency in Antarctica, the National Science Foundation has long had responsibility for ensuring that United States scientific activities and tourism, and their supporting logistics operations, are conducted with an eye to preserving the unique values of the Antarctic region;
(4) the Antarctic Treaty and the Protocol establish a firm foundation for the conservation of Antarctic resources, for the continuation of international cooperation and the freedom of scientific investigation in Antarctica; and
(5) the Antarctic Treaty and the Protocol establish international mechanisms and create legal obligations necessary for the maintenance of Antarctica as a natural reserve devoted to peace and science.

(b) Purpose

The purpose of this chapter is to provide for the conservation and protection of the fauna and flora of Antarctica, and of the ecosystem upon which such fauna and flora depend, consistent with the Antarctic Treaty and the Protocol.

Amendments

1996—Subsec. (a)(1) to (3). Pub. L. 104–227, § 101(a)(1), added pars. (1) to (3). Former pars. (1) and (2) redesignated (4) and (5), respectively.
Subsec. (a)(4), Pub. L. 104–227, § 101(a)(1), (2), redesignated par. (1) as (4) and substituted “the Protocol establish a firm foundation for the conservation of Antarctic resources,” for “the Agreed Measures for the Conservation of Antarctic Fauna and Flora, adopted at the Third Antarctic Treaty Consultative Meeting, have established a firm foundation”.

§ 2403a. Environmental impact assessment

(a) Federal activities

(1) (A) The obligations of the United States under Article 8 of and Annex I to the Protocol shall be implemented by applying the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) to proposals for Federal agency activities in Antarctica, as specified in this section.

(B) The obligations contained in section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332 (2)(C)) shall apply to all proposals for Federal agency activities occurring in Antarctica and affecting the quality of the human environment in Antarctica or dependent or associated ecosystems, only as specified in this section. For purposes of the application of such section 102 (2)(C) under this subsection, the term “significantly affecting the quality of the human environment” shall have the same meaning as the term “more than a minor or transitory impact”.

(2) (A) Unless an agency which proposes to conduct a Federal activity in Antarctica determines that the activity will have less than a minor or transitory impact, or unless a comprehensive environmental evaluation is being prepared in accordance with subparagraph (C), the agency shall prepare an initial environmental evaluation in accordance with Article 2 of Annex I to the Protocol.

(B) If the agency determines, through the preparation of the initial environmental evaluation, that the proposed Federal activity is likely to have no more than a minor or transitory impact, the activity may proceed if appropriate procedures are put in place to assess and verify the impact of the activity.

(C) If the agency determines, through the preparation of the initial environmental evaluation or otherwise, that a proposed Federal activity is likely to have more than a minor or transitory impact, the agency shall prepare and circulate a comprehensive environmental evaluation in accordance with Article 3 of Annex I to the Protocol, and shall make such comprehensive environmental evaluation publicly available for comment.

(3) Any agency decision under this section on whether a proposed Federal activity, to which paragraph (2)(C) applies, should proceed, and, if so, whether in its original or in a modified form,
shall be based on the comprehensive environmental evaluation as well as other considerations which the agency, in the exercise of its discretion, considers relevant.

(4) For the purposes of this section, the term “Federal activity” includes all activities conducted under a Federal agency research program in Antarctica, whether or not conducted by a Federal agency.

(b) **Federal activities carried out jointly with foreign governments**

(1) For the purposes of this subsection, the term “Antarctic joint activity” means any Federal activity in Antarctica which is proposed to be conducted, or which is conducted, jointly or in cooperation with one or more foreign governments. Such term shall be defined in regulations promulgated by such agencies as the President may designate.

(2) Where the Secretary of State, in cooperation with the lead United States agency planning an Antarctic joint activity, determines that—

(A) the major part of the joint activity is being contributed by a government or governments other than the United States;

(B) one such government is coordinating the implementation of environmental impact assessment procedures for that activity; and

(C) such government has signed, ratified, or acceded to the Protocol,

the requirements of subsection (a) of this section shall not apply with respect to that activity.

(3) In all cases of Antarctic joint activity other than those described in paragraph (2), the requirements of subsection (a) of this section shall apply with respect to that activity, except as provided in paragraph (4).

(4) Determinations described in paragraph (2), and agency actions and decisions in connection with assessments of impacts of Antarctic joint activities, shall not be subject to judicial review.

(c) **Nongovernmental activities**

(1) The Administrator shall, within 2 years after October 2, 1996, promulgate regulations to provide for—

(A) the environmental impact assessment of nongovernmental activities, including tourism, for which the United States is required to give advance notice under paragraph 5 of Article VII of the Treaty; and

(B) coordination of the review of information regarding environmental impact assessment received from other Parties under the Protocol.

(2) Such regulations shall be consistent with Annex I to the Protocol.

(d) **Decision to proceed**

(1) No decision shall be taken to proceed with an activity for which a comprehensive environmental evaluation is prepared under this section unless there has been an opportunity for consideration of the draft comprehensive environmental evaluation at an Antarctic Treaty Consultative Meeting, except that no decision to proceed with a proposed activity shall be delayed through the operation of this paragraph for more than 15 months from the date of circulation of the draft comprehensive environmental evaluation pursuant to Article 3(3) of Annex I to the Protocol.

(2) The Secretary of State shall circulate the final comprehensive environmental evaluation, in accordance with Article 3(6) of Annex I to the Protocol, at least 60 days before the commencement of the activity in Antarctica.

(e) **Cases of emergency**

The requirements of this section, and of regulations promulgated under this section, shall not apply in cases of emergency relating to the safety of human life or of ships, aircraft, or equipment and facilities of high value, or the protection of the environment, which require an activity to be undertaken without fulfilling those requirements.

(f) **Exclusive mechanism**
Notwithstanding any other provision of law, the requirements of this section shall constitute the sole and exclusive statutory obligations of the Federal agencies with regard to assessing the environmental impacts of proposed Federal activities occurring in Antarctica.

(g) Decisions on permit applications

The provisions of this section requiring environmental impact assessments (including initial environmental evaluations and comprehensive environmental evaluations) shall not apply to Federal actions with respect to issuing permits under section 2404 of this title.

(h) Publication of notices

Whenever the Secretary of State makes a determination under paragraph (2) of subsection (b) of this section, or receives a draft comprehensive environmental evaluation in accordance with Annex I, Article 3(3) to the Protocol, the Secretary of State shall cause timely notice thereof to be published in the Federal Register.

§ 2404. Permits

(a) In general

The Director may issue permits which authorize acts otherwise prohibited by section 2403 (b) of this title.

(b) Applications for permits

(1) Applications for permits under this section shall be made in such manner and form, and shall contain such information, as the Director shall by regulation prescribe.

(2) The Director shall publish notice in the Federal Register of each application which is made for a permit under this section. The notice shall invite the submission by interested parties, within 30 days after the date of publication of the notice, of written data, comments, or views with respect to the application. Information received by the Director as a part of any application shall be available to the public as a matter of public record.

(c) Action by appropriate Secretaries on certain permit applications

(1) If the Director receives an application for a permit under this section requesting authority to undertake any action with respect to—

(A) any native mammal which is a marine mammal within the meaning of section 1362 (5) of this title;

(B) any native mammal, native bird, or native plant which is an endangered species or threatened species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.); or

(C) any native bird which is protected under the Migratory Bird Treaty Act (16 U.S.C. 701 et seq.);

the Director shall submit a copy of the application to the Secretary of Commerce or to the Secretary of the Interior, as appropriate (hereinafter in this subsection referred to respectively as the “appropriate Secretary”).

(2) After receiving a copy of any application from the Director under paragraph (1) the appropriate Secretary shall promptly determine, and notify the Director, whether or not any action proposed
in the application also requires a permit or other authorization under any law administered by the appropriate Secretary.

(3) If the appropriate Secretary notifies the Director that any action proposed in the application requires a permit or other authorization under any law administered by the appropriate Secretary, the Director may not issue a permit under this section with respect to such action unless such other required permit or authorization is issued by the appropriate Secretary and a copy thereof is submitted to the Director. The issuance of any permit or other authorization by the appropriate Secretary for the carrying out of any action with respect to any native mammal, native bird, or native plant shall not be deemed to entitle the applicant concerned to the issuance by the Director of a permit under this section.

(d) Issuance of permits

As soon as practicable after receiving any application for a permit under this section, or, in the case of any application to which subsection (c) of this section applies, as soon as practicable after the applicable requirements of such subsection are complied with, the Director shall issue, or deny the issuance of, the permit. Within 10 days after the date of the issuance or denial of a permit under this subsection, the Director shall publish notice of the issuance or denial in the Federal Register.

(e) Terms and conditions of permits

(1) Each permit issued under this section shall—

(A) if applicable, specify—

(i) the number and species of native mammals, native birds, native plants, or native invertebrates to which the permit applies, and

(ii) the manner in which the taking or harmful interference shall be conducted (which manner shall be determined by the Director to be humane) and the area in which it will be conducted;

(B) the period during which the permit is valid; and

(C) such other terms and conditions as the Director deems necessary and appropriate to ensure that any act authorized under the permit is carried out in a manner consistent with the purpose of this chapter, the criteria set forth in paragraph (2), if applicable, and the regulations prescribed under this chapter.

(2) The terms and conditions imposed by the Director in any permit issued under this section that authorizes any of the following acts shall be consistent with the following criteria:

(A) Permits authorizing the taking or harmful interference within Antarctica of any native mammal or native bird (other than a Specially Protected Species of any such mammal or bird)—

(i) may be issued only for the purpose of providing—

(I) specimens for scientific study or scientific information, or

(II) specimens for museums, zoological gardens, or other educational or cultural institutions or uses, or

(III) for unavoidable consequences of scientific activities or the construction and operation of scientific support facilities; and

(ii) shall ensure, as far as possible, that—

(I) no more native mammals and native birds are taken in any year than can normally be replaced by net natural reproduction in the following breeding season, and

(II) the variety of species and the balance of the natural ecological systems within Antarctica are maintained.

(B) Permits authorizing the taking of Specially Protected Species may be issued only if—

(i) there is a compelling scientific purpose for such taking; and
(ii) the actions allowed under any such permit will not jeopardize any existing natural ecological system, or the survival, of such species.

(C) A permit authorizing the entry into an Antarctic Specially Protected Area shall be issued only—

(i) if the entry is consistent with an approved management plan, or

(ii) if a management plan relating to the area has not been approved but—

(I) there is a compelling purpose for such entry which cannot be served elsewhere, and

(II) the actions allowed under the permit will not jeopardize the natural ecological system existing in such area.

(e) Judicial review

Any applicant for a permit may obtain judicial review of the terms and conditions of any permit issued by the Director under this section or of the refusal of the Director to issue such a permit. Such review, which shall be pursuant to chapter 7 of title 5, may be initiated by filing a petition for review in the United States district court for the district wherein the applicant for a permit resides, or has his principal place of business, or in the United States District Court for the District of Columbia, within 60 days after the date on which such permit is issued or denied.

(f) Modification, suspension, and revocation
