CHAPTER 57A—PARTNERSHIPS FOR WILDLIFE

§ 3741. Findings

The Congress finds the following:

1. Three-fourths of all American children and adults participate in wildlife-related recreational activities other than hunting, fishing and trapping.
2. In 1985, Americans spent over $14 billion on non-consumptive wildlife-related recreation.
3. The United States and Canada are inhabited by approximately two thousand six hundred vertebrate species of native fish and wildlife, which have provided food, clothing, and other essentials to a rapidly expanding human population.
4. Over 80 percent of vertebrate fish and wildlife species in North America are not harvested for human use.
5. The continued well-being of this once-abundant fish and wildlife resource, and even the very existence of many species, is in peril.
6. In 1967, the United States Fish and Wildlife Service reported that forty-five common migratory bird species, which are not hunted, had exhibited significant declines in abundance, and that thirteen of these species have experienced widespread, systematic declines of 46.9 percent during a twenty-year study period.
7. There have been nationwide declines in frogs and other amphibians.
8. Over two hundred and seventy-five of vertebrate fish and wildlife species in the United States are now officially classified as threatened or endangered by the Federal Government.
9. During the past decade, fish and wildlife species, including invertebrates, were added to the rapidly growing list of threatened and endangered species in North America at the average rate of over one per month.
10. Currently, eighty-two species of invertebrates in the United States are listed as threatened or endangered under the Endangered Species Act [16 U.S.C. 1531 et seq.], and another nine hundred and fifty-one United States invertebrate species are candidates for listing under that Act.
11. Proper management of fish and wildlife, before species become threatened or endangered with extinction, is the key to reversing the increasingly desperate status of fish and wildlife.
12. Proper fish and wildlife conservation includes not only management of fish and wildlife species taken for recreation and protection of endangered and threatened species, but also management of the vast majority of species which fall into neither category.
13. Partnerships in fish and wildlife conservation, such as the Federal Aid in Wildlife Restoration Program, the Federal Aid in Sport Fish Restoration Program, and the North American Wetlands Conservation Act [16 U.S.C. 4401 et seq.] have benefitted greatly the conservation of fish and wildlife and their habitats.
14. A program that encourages partnerships among Federal and State governments and private entities to carry out wildlife conservation and appreciation projects would benefit all species of fish and wildlife through such activities as management, research, and interagency coordination.
15. Many States, which are experiencing declining revenues, are finding it increasingly difficult to carry out projects to conserve the entire array of diverse fish and wildlife species and to provide opportunities for the public to associate with, enjoy, and appreciate fish and wildlife through nonconsumptive activities.
§ 3742. Purposes

The purposes of this chapter are to establish a partnership among the United States Fish and Wildlife Service, designated State agencies, and private organizations and individuals—

(1) to carry out wildlife conservation and appreciation projects to conserve the entire array of diverse fish and wildlife species in the United States and to provide opportunities for the public to use and enjoy these fish and wildlife species through nonconsumptive activities;

(2) to enable designated State agencies to respond more fully and utilize their statutory and administrative authorities by carrying out wildlife conservation and appreciation projects; and

(3) to encourage private donations, under the leadership of the States and of the National Fish and Wildlife Foundation, to carry out wildlife conservation and appreciation projects.

Amendments

1994—Par. (3). Pub. L. 103–375 inserted “the States and of” after “under the leadership of”.

§ 3743. Definitions

As used in this chapter—

(1) The terms “conserve” and “conservation” mean to use, and the use of, such methods and procedures which are necessary to ensure, to the maximum extent practicable, the well being and enhancement of fish and wildlife and their habitats for the educational, aesthetic, cultural, recreational, scientific, and ecological enrichment of the public. Such methods and procedures may include, but are not limited to, any activity associated with scientific resources management, such as research, census, law enforcement, habitat acquisition, maintenance, development, information, education, population manipulation, propagation, technical assistance to private landowners, live trapping, and transplantation.

(2) The term “designated State agency” means the government agency, department, or division of any State that is empowered under the laws of the State to exercise the functions ordinarily exercised by a State fish and wildlife agency.

(3) The term “fish and wildlife” means wild members of the animal kingdom that are in an unconfined state.
(4) The term “Fund” means the Wildlife Conservation and Appreciation Fund established under section 3744 (g) of this title.

(5) The term “National Fish and Wildlife Foundation” means the charitable and nonprofit corporation established under section 3701 of this title.

(6) The term “nonconsumptive activities” means fish and wildlife associated activities other than harvesting of fish and wildlife and includes, but is not limited to, photographing, observing, learning about, or associating with, fish and wildlife.

(7) The term “Secretary” means the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service.

(8) The term “State” means any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, the United States Virgin Islands, or American Samoa.

(9) The term “wildlife conservation and appreciation project” means a project which is directed toward nonconsumptive activities or toward the conservation of those species of fish and wildlife that—

(A) are not ordinarily taken for recreation, fur, or food; except that if under applicable State law, any fish and wildlife may be taken for recreation, fur, or food in some but not all, areas of the State, a wildlife conservation and appreciation project may be directed toward the conservation of any of such fish and wildlife within any area of the State in which such taking is not permitted;

(B) are not listed as endangered species or threatened species under the Endangered Species Act of 1973, as amended (16 U.S.C. 1531–1543); and

(C) are not marine mammals within the meaning of section 1362 (6) of this title.

References in Text

Amendments

1994—Par. (2). Pub. L. 103–375, § 6(2)(A), amended par. (2) generally. Prior to amendment, par. (2) read as follows: “The term ‘designated State agency’ means the State fish and wildlife agency, which shall be construed to mean any department, or any division of any department of another name, of a State that is empowered under its laws to exercise the functions ordinarily exercised by a State fish and wildlife agency.”

Par. (4). Pub. L. 103–375, § 6(2)(B), made technical amendment to reference to section 3744 (g) of this title to correct reference to corresponding provision of original act.

Pub. L. 103–375, § 6(2)(C), (D), substituted semicolon for period at end of subpar. (A) and “section 1362 (6)” for “section 1362 (5)” in subpar. (C).

Par. (9). Pub. L. 103–375, § 6(3)(A), redesignated par. (8) as (9).

§ 3744. Wildlife partnership program

(a) In general

The Secretary shall provide the amounts available in the Fund to designated State agencies on a matching basis to assist in carrying out wildlife conservation and appreciation projects that are eligible under subsection (b) of this section.

(b) Eligible projects
The following wildlife conservation and appreciation projects shall be eligible for matching funds from the Fund:

(1) inventory of fish and wildlife species;
(2) determination and monitoring of the size, range and distribution of populations of fish and wildlife species;
(3) identification of the extent, condition, and location of the significant habitats of fish and wildlife species;
(4) identification of the significant problems that may adversely affect fish and wildlife species and their significant habitats;
(5) actions to conserve fish and wildlife species and their habitats; and
(6) actions of which the principal purpose is to provide opportunities for the public to use and enjoy fish and wildlife through nonconsumptive activities.

(c) Project standards

The Secretary shall not provide funding to carry out an eligible wildlife conservation and appreciation project unless the Secretary determines that such a project—

(1) is planned adequately to accomplish the stated objective or objectives;
(2) utilizes accepted fish and wildlife management principles, sound design and appropriate procedures;
(3) will yield benefits pertinent to the identified need at a level commensurate with project costs;
(4) provides for the tracking of costs and accomplishments related to the project;
(5) provides for monitoring, evaluating, and reporting of the accomplishment of project objectives; and
(6) complies with all applicable Federal environmental laws and regulations.

(d) Limitations on Federal payment

The amount of appropriated Federal funds provided from the Fund by the Secretary to any designated State Agency with respect to any fiscal year to carry out an eligible wildlife conservation and appreciation project under this section—

(1) may not exceed $250,000;
(2) may not exceed one third of the total project cost for that fiscal year;
(3) may not exceed 40 percent of the total project cost for that fiscal year if designated State agencies from two or more States cooperate in implementing such a project; and
(4) may not be used to defray the administrative cost of State programs.

(e) Non-Federal share of projects

(1) State share

Of the total cost each fiscal year of each project carried out with amounts provided by the Secretary under subsection (a) of this section, at least 1/3 shall be paid with amounts from State, non-Federal sources, except that if designated State agencies from 2 or more States cooperate in implementing such a project at least 30 percent shall be paid with amounts from such State, non-Federal sources. Payments required by this paragraph may not be in the form of an in-kind contribution.

(2) Private share

Of the total cost each fiscal year of each project carried out with amounts provided by the Secretary under subsection (a) of this section, at least 1/3 shall be paid with amounts from voluntary contributions by private entities or persons, except that if designated State agencies from 2 or more States cooperate in implementing such a project, at least 30 percent shall be paid from such sources. Subject to the approval of the Secretary, such contributions for a project may be in the form of,
but are not required to be limited to, private cash donations, and the contribution of materials, equipment, or services necessary for the project.

(f) Eligibility of designated State agencies

No designated State agency shall be eligible to receive matching funds from the Wildlife Conservation and Appreciation Fund if revenue derived from activities regulated by such an agency is diverted for any purpose other than the management and conservation of fish and wildlife. Such revenue shall include, but not be limited to, all income from the sale of hunting, fishing and trapping licenses; all income from nongame checkoff systems; all income from the sale of waterfowl, habitat conservation, and other stamps that are requisite for engaging in certain activities regulated by the designated State agency; all income from the sale of any commodities and products by the designated State agency from lands and waters administered by the State for fish and wildlife purposes; and all funds apportioned to the designated State agency under the Federal Aid in Wildlife and Sport Fish Restoration Programs.

(g) Establishment of Fund

(1) The Secretary shall establish the Fund, which shall consist of amounts deposited into the Fund by the Secretary under paragraph (2) of this subsection.

(2) The Secretary shall deposit into the Fund amounts appropriated to the Secretary for deposit to the Fund, of which not more than 4 percent shall be available to the Secretary to defray the costs of administering this chapter and evaluating wildlife conservation and appreciation projects.

(h) Authorization of appropriations

There are authorized to be appropriated to the Fund and to the Secretary not to exceed $6,250,000 for each of fiscal years 1999 through 2003.

Amendments

1994—Subsec. (d)(5). Pub. L. 103–375, § 6(4), struck out par. (5) which read as follows: “may not exceed the State share of the cost of implementing such a project.”

Subsec. (e). Pub. L. 103–375, § 6(5), amended heading and text of subsec. (e) generally. Prior to amendment, text read as follows: “The share of the cost of carrying out eligible projects under this section shall be from a non-Federal source and shall not be in the form of an in-kind contribution.”

Subsec. (g)(2). Pub. L. 103–375, § 6(6)(A), amended par. (2) generally. Prior to amendment, par. (2) read as follows: “The Secretary shall deposit into the Fund—

“(A) amounts appropriated to the Secretary for deposit to the Fund, of which not more than 4 percent shall be available to the Secretary and the National Fish and Wildlife Foundation to defray the costs of administering this chapter and evaluating wildlife conservation and appreciation projects; and

“(B) amounts received as donations from the National Fish and Wildlife Foundation or other private entities or persons for deposit to the Fund.”

Subsec. (g)(3), (4). Pub. L. 103–375, § 6(6)(B), struck out pars. (3) and (4) which read as follows:

“(3) The Secretary may accept and use donations from the National Fish and Wildlife Foundation and other private entities or persons for purposes of assisting States under this section.

“(4) Of the total amount provided from the Fund to assist a State in carrying out a wildlife conservation and appreciation project under subsection (a) of this section, at least 50 percent shall have been donated to the Fund by the National Fish and Wildlife Foundation.”

Subsec. (h). Pub. L. 103–375, § 6(7), substituted “1998” for “1995” and struck out before period at end “to match the amount of contributions made to the Fund by the National Fish and Wildlife Foundation”.
