§ 5301. Findings

The Congress finds the following:

(1) The world’s rhinoceros population is declining at an alarming rate, a 90 percent decline since 1970.
(2) All 5 subspecies of tiger are currently threatened with extinction in the wild, with approximately 5,000 to 6,000 tigers remaining worldwide.
(3) All rhinoceros species have been listed on Appendix I of CITES since 1977.
(4) All tiger subspecies have been listed on Appendix I of CITES since 1987.
(5) The tiger and all rhinoceros species, except the southern subspecies of white rhinoceros, are listed as endangered species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).
(6) In 1987, the parties to CITES adopted a resolution that urged all parties to establish a moratorium on the sale and trade in rhinoceros products (other than legally taken trophies), to destroy government stockpiles of rhinoceros horn, and to exert pressure on countries continuing to allow trade in rhinoceros products.
(7) On September 7, 1993, under section 1978 of title 22 the Secretary certified that the People’s Republic of China and Taiwan were engaged in trade of rhinoceros parts and tiger parts that diminished the effectiveness of an international conservation program for that endangered species.
(8) On September 9, 1993, the Standing Committee of CITES, in debating the continuing problem of trade in rhinoceros horn and tiger parts, adopted a resolution urging parties to CITES to implement stricter domestic measures, up to and including an immediate prohibition in trade in wildlife species.
(9) On November 8, 1993, under section 1978 of title 22, the President announced that the United States would impose trade sanctions against China and Taiwan unless substantial progress was made by March 1994 towards ending trade in rhinoceros and tiger products.
(10) On April 11, 1994, under section 1978 of title 22, the President—
    (A) directed that imports of wildlife specimens and products from Taiwan be prohibited, in response to Taiwan’s failure to undertake sufficient actions to stop illegal rhinoceros and tiger trade; and
    (B) indicated that the certification of China would remain in effect and directed that additional monitoring of China’s progress be undertaken.

Within 30 days of receiving a final project proposal, the Secretary shall provide a copy of the proposal to the Administrator. The Secretary shall review each final project proposal to determine if it meets the criteria set forth in subsection (d) of this section. Not later than 6 months after receiving a final project proposal, and subject to the availability of funds, the Secretary, after consulting with the Administrator, shall approve or disapprove the proposal and provide written notification to the person who submitted the proposal and to the Administrator.

(d) Criteria for approval

The Secretary may approve a project under this section if the project will enhance programs for conservation of rhinoceros or tigers by assisting efforts to—

(1) implement conservation programs;

(2) enhance compliance with provisions of CITES and laws of the United States or a foreign country that prohibit or regulate the taking or trade of rhinoceroses or tigers or the use of rhinoceros or tiger habitat; or

(3) develop sound scientific information on that species’ habitat condition and carrying capacity, total numbers and population trends, or annual reproduction and mortality.

(e) Project sustainability

To the maximum extent practical, in determining whether to approve project proposals under this section, the Secretary shall give consideration to projects which will enhance sustainable conservation programs to ensure effective long-term conservation of rhinoceroses and tigers.

(f) Project reporting

Each person that receives assistance under this section for a project shall provide periodic reports, as the Secretary considers necessary, to the Secretary and the Administrator. Each report shall include all information requested by the Secretary, after consulting with the Administrator, for evaluating the progress and success of the project.
