CHAPTER 74—NATIONAL MARITIME HERITAGE

Sec.
5401. Findings.
5402. National maritime heritage policy.
5405. Funding.
5406. Definitions.
5407. Regulations.
5408. Savings provision.

§ 5401. Findings

The Congress finds and declares the following:

(1) The United States is a nation with a rich maritime history, and it is desirable to foster in the American public a greater awareness and appreciation of the role of maritime endeavors in our Nation’s history and culture.

(2) The maritime historical and cultural foundations of the Nation should be preserved as a part of our community life and development.

(3) National, State, and local groups have been working independently to preserve the maritime heritage of the United States.

(4) Historic resources significant to the Nation’s maritime heritage are being lost or substantially altered, often inadvertently, with increasing frequency.

(5) The preservation of this irreplaceable maritime heritage is in the public interest so that its vital legacy of cultural, educational, aesthetic, inspirational, and economic benefits will be maintained and enriched for future generations of Americans.

(6) The current governmental and nongovernmental historic preservation programs and activities are inadequate to ensure future generations a genuine opportunity to appreciate and enjoy the rich maritime heritage of our Nation.

(7) A coordinated national program is needed immediately to redress the adverse consequences of a period of indifference during which the maritime heritage of the United States has become endangered and to ensure the future preservation of the Nation’s maritime heritage.

(8) A national maritime heritage policy would greatly increase public awareness of, and participation in, the preservation of the Nation’s maritime heritage.

§ 5402. National maritime heritage policy

It shall be the policy of the Federal Government, in partnership with the States and local governments and private organizations and individuals, to—

(1) use measures, including financial and technical assistance, to foster conditions under which our modern society and our historic maritime resources can exist in productive harmony;

(2) provide leadership in the preservation of the historic maritime resources of the United States;

“(2)(A) The pilot programs under paragraph (1) shall be carried out during fiscal year 2003.

**Scraping of National Defense Reserve Fleet Vessels**

Scraping facilities shall be selected under that section on a best value basis consistent with the Federal Acquisition Regulation, as in effect on the date of the enactment of this Act [Oct. 30, 2000], without any predisposition toward foreign or domestic facilities taking into consideration, among other things, the ability of facilities to scrap vessels—

“(1) at least cost to the Government;

“(2) in a timely manner;

“(3) giving consideration to worker safety and the environment; and

“(4) in a manner that minimizes the geographic distance that a vessel must be towed when towing a vessel poses a serious threat to the environment.

“(1) Requirement to develop plan.—The Secretary of Transportation shall prepare, publish, and submit to the Congress by not later than 180 days after the date of the enactment of this Act [probably should be “this subsection”, Jan. 6, 2006] a comprehensive plan for management of the vessel disposal program of the Maritime Administration in accordance with the recommendations made in the Government Accountability Office in report number GAO–05–264, dated March 2005.

“(2) Contents of plan.—The plan shall—

“(A) include a strategy and implementation plan for disposal of obsolete National Defense Reserve Fleet vessels (including vessels added to the fleet after the enactment of this paragraph) in a timely manner, maximizing the use of all available disposal methods, including dismantling, use for artificial reefs, donation, and Navy training exercises;

“(B) identify and describe the funding and other resources necessary to implement the plan, and specific milestones for disposal of vessels under the plan;

“(C) establish performance measures to track progress toward achieving the goals of the program, including the expeditious disposal of ships commencing upon the date of the enactment of this paragraph;

“(D) develop a formal decisionmaking framework for the program; and
“(E) identify external factors that could impede successful implementation of the plan, and describe steps to be taken to mitigate the effects of such factors.

“(c) Failure to Submit Plan.—

“(1) Private management contract for disposal of Maritime Administration vessels.—The Secretary of Transportation, subject to the availability of appropriations, shall promptly award a contract using full and open competition to expeditiously implement all aspects of disposal of obsolete National Defense Reserve Fleet vessels.

“(2) Application.—This subsection shall apply beginning 180 days after the date of the enactment of this subsection [Jan. 6, 2006], unless the Secretary of Transportation has submitted to the Congress the comprehensive plan required under subsection (c).

“(f) Briefings.—The Maritime Administrator shall, upon request, provide briefings to the Committee on Transportation and Infrastructure, the Committee on Natural Resources, and the Committee on Armed Services of the House of Representatives, and the Committee on Commerce, Science, and Transportation and the Committee on Armed Services of the Senate, on the progress made in recycling vessels, problems encountered with recycling vessels, issues relating to vessel recycling, and other issues relating to vessel recycling and disposal.”
