§ 2501. Findings; statement of purpose

(a) Findings

The Congress finds that—

(1) American businesses now and for the remainder of the 20th century will face a dramatically different labor market than the one to which they have become accustomed;

(2) two in every three new entrants to the work force will be women, and to meet labor needs such women must work in all occupational areas including in apprenticeable occupations and nontraditional occupations;

(3) women face significant barriers to their full and effective participation in apprenticeable occupations and nontraditional occupations;

(4) the business community must be prepared to address the barriers that women have to such jobs, in order to successfully integrate them into the work force; and

(5) few resources are available to employers and unions who need assistance in recruiting, training, and retaining women in apprenticeable occupations and other nontraditional occupations.

(b) Purpose

It is the purpose of this chapter to provide technical assistance to employers and labor unions to encourage employment of women in apprenticeable occupations and nontraditional occupations. Such assistance will enable business to meet the challenge of Workforce 2000 by preparing employers to successfully recruit, train, and retain women in apprenticeable occupations and nontraditional occupations and will expand the employment and self-sufficiency options of women. This purpose will be achieved by—

(1) promoting the program to employers and labor unions to inform them of the availability of technical assistance which will assist them in preparing the workplace to employ women in apprenticeable occupations and nontraditional occupations;

(2) providing grants to community-based organizations to deliver technical assistance to employers and labor unions to prepare them to recruit, train, and employ women in apprenticeable occupations and nontraditional occupations;

(3) authorizing the Department of Labor to serve as a liaison between employers, labor, and the community-based organizations providing technical assistance, through its national office and its regional administrators; and

(4) conducting a comprehensive study to examine the barriers to the participation of women in apprenticeable occupations and nontraditional occupations and to develop recommendations for the workplace to eliminate such barriers.

§ 2502. Outreach to employers and labor unions

(a) In general

With funds available to the Secretary of Labor to carry out the operations of the Department of Labor in fiscal year 1994 and subsequent fiscal years, the Secretary shall carry out an outreach program to inform employers of technical assistance available under section 2503 (a) of this title to assist employers to prepare the workplace to employ women in apprenticeable occupations and other nontraditional occupations.

(1) Under such program the Secretary shall provide outreach to employers through, but not limited to, the private industry councils in each service delivery area.

(2) The Secretary shall provide outreach to labor unions through, but not limited to, the building trade councils, joint apprenticeable occupations councils, and individual labor unions.

(b) Priority

The Secretary shall give priority to providing outreach to employers located in areas that have nontraditional employment and training programs specifically targeted to women.

§ 2503. Technical assistance

(a) In general

With funds appropriated to carry out this section, the Secretary shall make grants to community-based organizations to provide technical assistance to employers and labor unions selected under subsection (b) of this section. Such technical assistance may include—

(2) developing preapprenticeable occupations or nontraditional skills training to prepare women for apprenticeable occupations or nontraditional occupations;

(3) providing ongoing orientations for employers, unions, and workers on creating a successful environment for women in apprenticeable occupations or nontraditional occupations;

(4) setting up support groups and facilitating networks for women in nontraditional occupations on or off the job site to improve their retention;

(5) setting up a local computerized data base referral system to maintain a current list of tradeswomen who are available for work;

(6) serving as a liaison between tradeswomen and employers and tradeswomen and labor unions to address workplace issues related to gender; and

(7) conducting exit interviews with tradeswomen to evaluate their on-the-job experience and to assess the effectiveness of the program.

(b) Selection of employer and labor unions

The Secretary shall select a total of 50 employers or labor unions to receive technical assistance provided with grants made under subsection (a) of this section.

§ 2504. Competitive grants

(a) In general

Each community-based organization that desires to receive a grant to provide technical assistance under section 2503 (a) of this title to employers and labor unions shall submit an application to the Secretary at such time, in such manner, and accompanied by such information as the Secretary may reasonably require.

In awarding grants under section 2503 (a) of this title, the Secretary shall give priority to applications from community-based organizations that—
