“(a) Purpose.—The purpose of this Act is to revise, codify, and enact without substantive change the general and permanent laws of the United States related to public buildings, property, and works, in order to remove ambiguities, contradictions, and other imperfections and to repeal obsolete, superfluous, and superseded provisions.

“(b) No Substantive Change.—

“(1) In general.—This Act makes no substantive change in existing law and may not be construed as making a substantive change in existing law.

“(2) Deemed date of enactment for certain purposes.—For purposes of determining whether one provision of law supersedes another based on enactment later in time, and otherwise to ensure that this Act makes no substantive change in existing law, the date of enactment of a provision restated in section 1 or 2 of this Act is deemed to remain unchanged, continuing to be the date of enactment of the underlying provision of public law that is being restated.

“(3) Inconsistent laws enacted after March 31, 2002.—This Act restates certain laws enacted before April 1, 2002. Any law enacted after March 31, 2002, that is inconsistent with this Act, including any law purporting to amend or repeal a provision that is repealed by this Act, supersedes this Act to the extent of the inconsistency.

“(c) References.—A reference to a law replaced by section 1 or 2 of this Act, including a reference in a regulation, order, or other law, is deemed to refer to the corresponding provision enacted by this Act.

“(d) Continuing Effect.—An order, rule, or regulation in effect under a law replaced by section 1 or 2 of this Act continues in effect under the corresponding provision enacted by this Act until repealed, amended, or superseded.

“(e) Actions and Offenses Under Prior Law.—An action taken or an offense committed under a law replaced by section 1 or 2 of this Act is deemed to have been taken or committed under the corresponding provision enacted by this Act.

“(f) Inferences.—An inference of a legislative construction is not to be drawn by reason of the location in the United States Code of a provision enacted by this Act or by reason of a caption or catch line of the provision.

“(g) Severability.—If a provision enacted by this Act is held invalid, all valid provisions that are severable from the invalid provision remain in effect. If a provision enacted by this Act is held invalid in any of its applications, the provision remains valid for all valid applications that are severable from any of the invalid applications.”
