§ 15601. Findings

Congress makes the following findings:

(1) 2,100,146 persons were incarcerated in the United States at the end of 2001: 1,324,465 in Federal and State prisons and 631,240 in county and local jails. In 1999, there were more than 10,000,000 separate admissions to and discharges from prisons and jails.

(2) Insufficient research has been conducted and insufficient data reported on the extent of prison rape. However, experts have conservatively estimated that at least 13 percent of the inmates in the United States have been sexually assaulted in prison. Many inmates have suffered repeated assaults. Under this estimate, nearly 200,000 inmates now incarcerated have been or will be the victims of prison rape. The total number of inmates who have been sexually assaulted in the past 20 years likely exceeds 1,000,000.

(3) Inmates with mental illness are at increased risk of sexual victimization. America’s jails and prisons house more mentally ill individuals than all of the Nation’s psychiatric hospitals combined. As many as 16 percent of inmates in State prisons and jails, and 7 percent of Federal inmates, suffer from mental illness.

(4) Young first-time offenders are at increased risk of sexual victimization. Juveniles are 5 times more likely to be sexually assaulted in adult rather than juvenile facilities—often within the first 48 hours of incarceration.

(5) Most prison staff are not adequately trained or prepared to prevent, report, or treat inmate sexual assaults.

(6) Prison rape often goes unreported, and inmate victims often receive inadequate treatment for the severe physical and psychological effects of sexual assault—if they receive treatment at all.

(7) HIV and AIDS are major public health problems within America’s correctional facilities. In 2000, 25,088 inmates in Federal and State prisons were known to be infected with HIV/AIDS. In 2000, HIV/AIDS accounted for more than 6 percent of all deaths in Federal and State prisons. Infection rates for other sexually transmitted diseases, tuberculosis, and hepatitis B and C are also far greater for prisoners than for the American population as a whole. Prison rape undermines the public health by contributing to the spread of these diseases, and often giving a potential death sentence to its victims.

(8) Prison rape endangers the public safety by making brutalized inmates more likely to commit crimes when they are released—as 600,000 inmates are each year.

(9) The frequently interracial character of prison sexual assaults significantly exacerbates interracial tensions, both within prison and, upon release of perpetrators and victims from prison, in the community at large.

(10) Prison rape increases the level of homicides and other violence against inmates and staff, and the risk of insurrections and riots.
(11) Victims of prison rape suffer severe physical and psychological effects that hinder their ability to integrate into the community and maintain stable employment upon their release from prison. They are thus more likely to become homeless and/or require government assistance.

(12) Members of the public and government officials are largely unaware of the epidemic character of prison rape and the day-to-day horror experienced by victimized inmates.

(13) The high incidence of sexual assault within prisons involves actual and potential violations of the United States Constitution. In Farmer v. Brennan, 511 U.S. 825 (1994), the Supreme Court ruled that deliberate indifference to the substantial risk of sexual assault violates prisoners’ rights under the Cruel and Unusual Punishments Clause of the Eighth Amendment. The Eighth Amendment rights of State and local prisoners are protected through the Due Process Clause of the Fourteenth Amendment. Pursuant to the power of Congress under Section Five of the Fourteenth Amendment, Congress may take action to enforce those rights in States where officials have demonstrated such indifference. States that do not take basic steps to abate prison rape by adopting standards that do not generate significant additional expenditures demonstrate such indifference. Therefore, such States are not entitled to the same level of Federal benefits as other States.

(14) The high incidence of prison rape undermines the effectiveness and efficiency of United States Government expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment and homelessness. The effectiveness and efficiency of these federally funded grant programs are compromised by the failure of State officials to adopt policies and procedures that reduce the incidence of prison rape in that the high incidence of prison rape—

(A) increases the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) increases the levels of violence, directed at inmates and at staff, within prisons;

(C) increases health care expenditures, both inside and outside of prison systems, and reduces the effectiveness of disease prevention programs by substantially increasing the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases;

(D) increases mental health care expenditures, both inside and outside of prison systems, by substantially increasing the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates;

(E) increases the risks of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape; and

(F) increases the level of interracial tensions and strife within prisons and, upon release of perpetrators and victims, in the community at large.

(15) The high incidence of prison rape has a significant effect on interstate commerce because it increases substantially—

(A) the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases, contributing to increased health and medical expenditures throughout the Nation;

(C) the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates, contributing to increased health and medical expenditures throughout the Nation; and

(D) the risk of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape.

§ 15602. Purposes

The purposes of this chapter are to—

(1) establish a zero-tolerance standard for the incidence of prison rape in prisons in the United States;
(2) make the prevention of prison rape a top priority in each prison system;
(3) develop and implement national standards for the detection, prevention, reduction, and punishment of prison rape;
(4) increase the available data and information on the incidence of prison rape, consequently improving the management and administration of correctional facilities;
(5) standardize the definitions used for collecting data on the incidence of prison rape;
(6) increase the accountability of prison officials who fail to detect, prevent, reduce, and punish prison rape;
(7) protect the Eighth Amendment rights of Federal, State, and local prisoners;
(8) increase the efficiency and effectiveness of Federal expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment; and homelessness; and
(9) reduce the costs that prison rape imposes on interstate commerce.

§ 15603. National prison rape statistics, data, and research

(a) Annual comprehensive statistical review

(1) In general

The Bureau of Justice Statistics of the Department of Justice (in this section referred to as the “Bureau”) shall carry out, for each calendar year, a comprehensive statistical review and analysis of the incidence and effects of prison rape. The statistical review and analysis shall include, but not be limited to the identification of the common characteristics of—

(A) both victims and perpetrators of prison rape; and
(B) prisons and prison systems with a high incidence of prison rape.

(2) Considerations

In carrying out paragraph (1), the Bureau shall consider—

(A) how rape should be defined for the purposes of the statistical review and analysis;
(B) how the Bureau should collect information about staff-on-inmate sexual assault;
(C) how the Bureau should collect information beyond inmate self-reports of prison rape;
(D) how the Bureau should adjust the data in order to account for differences among prisons as required by subsection (c)(3);
(E) the categorization of prisons as required by subsection (c)(4); and
(F) whether a preliminary study of prison rape should be conducted to inform the methodology of the comprehensive statistical review.

(3) Solicitation of views
The Bureau of Justice Statistics shall solicit views from representatives of the following: State departments of correction; county and municipal jails; juvenile correctional facilities; former inmates; victim advocates; researchers; and other experts in the area of sexual assault.

(4) Sampling techniques

The review and analysis under paragraph (1) shall be based on a random sample, or other scientifically appropriate sample, of not less than 10 percent of all Federal, State, and county prisons, and a representative sample of municipal prisons. The selection shall include at least one prison from each State. The selection of facilities for sampling shall be made at the latest practicable date prior to conducting the surveys and shall not be disclosed to any facility or prison system official prior to the time period studied in the survey. Selection of a facility for sampling during any year shall not preclude its selection for sampling in any subsequent year.

(5) Surveys

In carrying out the review and analysis under paragraph (1), the Bureau shall, in addition to such other methods as the Bureau considers appropriate, use surveys and other statistical studies of current and former inmates from a sample of Federal, State, county, and municipal prisons. The Bureau shall ensure the confidentiality of each survey participant, except as authorized in paragraph (7).

(6) Participation in survey

Federal, State, or local officials or facility administrators that receive a request from the Bureau under subsection (a)(4) or (5) will be required to participate in the national survey and provide access to any inmates under their legal custody.

(7) Reporting on child abuse and neglect

Nothing in section 3735 or 3789g of this title or any other provision of law, including paragraph (5), shall prevent the Bureau (including its agents), in carrying out the review and analysis under paragraph (1), from reporting to the designated public officials such information (and only such information) regarding child abuse or child neglect with respect to which the statutes or regulations of a State (or a political subdivision thereof) require prompt reporting.

(b) Review Panel on Prison Rape

(1) Establishment

To assist the Bureau in carrying out the review and analysis under subsection (a), there is established, within the Department of Justice, the Review Panel on Prison Rape (in this section referred to as the “Panel”).

(2) Membership

(A) Composition

The Panel shall be composed of 3 members, each of whom shall be appointed by the Attorney General, in consultation with the Secretary of Health and Human Services.

(B) Qualifications

Members of the Panel shall be selected from among individuals with knowledge or expertise in matters to be studied by the Panel.

(3) Public hearings

(A) In general

The duty of the Panel shall be to carry out, for each calendar year, public hearings concerning the operation of the three prisons with the highest incidence of prison rape and the two prisons with the lowest incidence of prison rape in each category of facilities identified under subsection (c)(4). The Panel shall hold a separate hearing regarding the three Federal or State prisons with the highest incidence of prison rape. The purpose of these hearings shall be

---

- 8 -
to collect evidence to aid in the identification of common characteristics of both victims and perpetrators of prison rape, and the identification of common characteristics of prisons and prison systems with a high incidence of prison rape, and the identification of common characteristics of prisons and prison systems that appear to have been successful in deterring prison rape.

(B) Testimony at hearings
   (i) Public officials
   In carrying out the hearings required under subparagraph (A), the Panel shall request the public testimony of Federal, State, and local officials (and organizations that represent such officials), including the warden or director of each prison, who bears responsibility for the prevention, detection, and punishment of prison rape at each entity, and the head of the prison system encompassing such prison.
   (ii) Victims
   The Panel may request the testimony of prison rape victims, organizations representing such victims, and other appropriate individuals and organizations.

(C) Subpoenas
   (i) Issuance
   The Panel may issue subpoenas for the attendance of witnesses and the production of written or other matter.
   (ii) Enforcement
   In the case of contumacy or refusal to obey a subpoena, the Attorney General may in a Federal court of appropriate jurisdiction obtain an appropriate order to enforce the subpoena.

(c) Reports
   (1) In general
   Not later than June 30 of each year, the Attorney General shall submit a report on the activities of the Bureau and the Review Panel, with respect to prison rape, for the preceding calendar year to—
      (A) Congress; and
      (B) the Secretary of Health and Human Services.
   (2) Contents
   The report required under paragraph (1) shall include—
      (A) with respect to the effects of prison rape, statistical, sociological, and psychological data;
      (B) with respect to the incidence of prison rape—
         (i) statistical data aggregated at the Federal, State, prison system, and prison levels;
         (ii) a listing of those institutions in the representative sample, separated into each category identified under subsection (c)(4) and ranked according to the incidence of prison rape in each institution; and
         (iii) an identification of those institutions in the representative sample that appear to have been successful in deterring prison rape; and
      (C) a listing of any prisons in the representative sample that did not cooperate with the survey conducted pursuant to this section.
   (3) Data adjustments
   In preparing the information specified in paragraph (2), the Attorney General shall use established statistical methods to adjust the data as necessary to account for differences among institutions in the representative sample, which are not related to the detection, prevention, reduction and punishment of prison rape, or which are outside the control of the State, prison, or prison system, in
order to provide an accurate comparison among prisons. Such differences may include the mission, security level, size, and jurisdiction under which the prison operates. For each such adjustment made, the Attorney General shall identify and explain such adjustment in the report.

(4) Categorization of prisons

The report shall divide the prisons surveyed into three categories. One category shall be composed of all Federal and State prisons. The other two categories shall be defined by the Attorney General in order to compare similar institutions.

(d) Contracts and grants

In carrying out its duties under this section, the Attorney General may—

(1) provide grants for research through the National Institute of Justice; and

(2) contract with or provide grants to any other entity the Attorney General deems appropriate.

(e) Authorization of appropriations

There are authorized to be appropriated $15,000,000 for each of fiscal years 2004 through 2010 to carry out this section.

§ 15605. Grants to protect inmates and safeguard communities

(a) Grants authorized
From amounts made available for grants under this section, the Attorney General shall make grants to States to assist those States in ensuring that budgetary circumstances (such as reduced State and local spending on prisons) do not compromise efforts to protect inmates (particularly from prison rape) and to safeguard the communities to which inmates return. The purpose of grants under this section shall be to provide funds for personnel, training, technical assistance, data collection, and equipment to prevent and prosecute prisoner rape.

(b) Use of grant amounts
Amounts received by a grantee under this section may be used by the grantee, directly or through subgrants, only for one or more of the following activities:

(1) Protecting inmates

   Protecting inmates by—
   (A) undertaking efforts to more effectively prevent prison rape;
   (B) investigating incidents of prison rape; or
   (C) prosecuting incidents of prison rape.

(2) Safeguarding communities

   Safeguarding communities by—
   (A) making available, to officials of State and local governments who are considering reductions to prison budgets, training and technical assistance in successful methods for moderating the growth of prison populations without compromising public safety, including successful methods used by other jurisdictions;
   (B) developing and utilizing analyses of prison populations and risk assessment instruments that will improve State and local governments’ understanding of risks to the community regarding release of inmates in the prison population;
   (C) preparing maps demonstrating the concentration, on a community-by-community basis, of inmates who have been released, to facilitate the efficient and effective—
      (i) deployment of law enforcement resources (including probation and parole resources); and
      (ii) delivery of services (such as job training and substance abuse treatment) to those released inmates;
   (D) promoting collaborative efforts, among officials of State and local governments and leaders of appropriate communities, to understand and address the effects on a community of the presence of a disproportionate number of released inmates in that community; or
   (E) developing policies and programs that reduce spending on prisons by effectively reducing rates of parole and probation revocation without compromising public safety.

(c) Grant requirements

   (1) Period
   A grant under this section shall be made for a period of not more than 2 years.

   (2) Maximum
   The amount of a grant under this section may not exceed $1,000,000.

   (3) Matching
The Federal share of a grant under this section may not exceed 50 percent of the total costs of the project described in the application submitted under subsection (d) for the fiscal year for which the grant was made under this section.

(d) Applications

(1) In general

To request a grant under this section, the chief executive of a State shall submit an application to the Attorney General at such time, in such manner, and accompanied by such information as the Attorney General may require.

(2) Contents

Each application required by paragraph (1) shall—

(A) include the certification of the chief executive that the State receiving such grant—

(i) has adopted all national prison rape standards that, as of the date on which the application was submitted, have been promulgated under this chapter; and
