Message of the President

To the Congress of the United States:
I transmit herewith Reorganization Plan No. 1 of 1953, prepared in accordance with the provisions of the Reorganization Act of 1949, as amended.

In my message of February 2, 1953, I stated that I would send to the Congress a reorganization plan defining a new administrative status for Federal activities in health, education, and social security. This plan carries out that intention by creating a Department of Health, Education, and Welfare as one of the executive departments of the Government and by transferring to it the various units of the Federal Security Agency. The Department will be headed by a Secretary of Health, Education, and Welfare, who will be assisted by an Under Secretary and two Assistant Secretaries.

The purpose of this plan is to improve the administration of the vital health, education, and social-security functions now being carried on in the Federal Security Agency by giving them departmental rank. Such action is demanded by the importance and magnitude of these functions, which affect the well-being of millions of our citizens. The programs carried on by the Public Health Service include, for example, the conduct and promotion of research into the prevention and cure of such dangerous ailments as cancer and heart disease. The Public Health Service also administers payments to the States for the support of their health services and for urgently needed hospital construction. The Office of Education collects, analyzes, and distributes to school administrators throughout the country information relating to the organization and management of educational systems. Among its other functions is the provision of financial help to school districts burdened by activities of the United States Government. State assistance to the aged, the blind, the totally disabled, and dependent children is heavily supported by grants-in-aid administered through the Social Security Administration. The old-age and survivors insurance system and child development and welfare programs are additional responsibilities of that Administration. Other offices of the Federal Security Agency are responsible for the conduct of Federal vocational rehabilitation programs and for the enforcement of food and drug laws.

There should be an unremitting effort to improve those health, education, and social-security programs which have proved their value. I have already recommended the expansion of the social-security system to cover persons not now protected, the continuation of assistance to school districts whose population has been greatly increased by the expansion of defense activities, and the strengthening of our food and drug laws.

But good intent and high purpose are not enough; all such programs depend for their success upon efficient, responsible administration. I have recently taken action to assure that the Federal Security Administrator’s views are given proper consideration in executive councils by inviting her to attend meetings of the Cabinet. Now the establishment of the new Department provided for in Reorganization Plan No. 1 of 1953 will give the needed additional assurance that these matters will receive the full consideration they deserve in the whole operation of the Government.

This need has long been recognized. In 1923, President Harding proposed a Department of Education and Welfare, which was also to include health functions. In 1924, the Joint Committee on Reorganization recommended a new department similar to that suggested by President Harding. In 1932, one of President Hoover’s reorganization proposals called for the concentration of health, education, and recreational activities in a single executive department. The President’s Committee on Administrative Management in 1937 recommended the placing of health, education, and social-security functions in a Department of Social Welfare. This recommendation was partially implemented in 1939 by the creation of the Federal Security Agency—by which action the Congress indicated its approval of the grouping of these functions in a single agency. A new department could not be proposed at that time because the Reorganization Act of 1939 prohibited the creation of additional executive departments. In 1949, the Commission on Organization of the Executive Branch of the Government proposed the creation of a department for social security and education.

The present plan will make it possible to give the officials directing the Department titles indicative of their responsibilities and salaries comparable to those received by their counterparts in other executive departments. As the Under Secretary of an executive department, the Secretary’s principal assistant will be better equipped to give leadership in the Department’s organization and management activities, for which he will be primarily responsible. The plan opens the way to further administrative improvement by authorizing the Secretary to centralize services and activities common to the several agencies of the Department. It also established a uniform method of appointment for the heads of the three major constituent agencies. At present, the Surgeon General and the Commissioner of Education are appointed by the President and confirmed by the Senate, while the Commissioner for Social Security is appointed by the Federal Security Administrator. Hereafter, all three will be Presidential appointees subject to Senate confirmation.

I believe, and this plan reflects my conviction, that these several fields of Federal activity should continue within the framework of a single department. The plan at the same time assures that the Office of Education and the Public Health Service retain the professional and substantive responsibilities vested by law in those agencies or in their heads. The Surgeon General, the Commissioner of Education, and the Commissioner of Social Security will all have direct access to the Secretary.

There should be in the Department an Advisory Committee on Education, made up of persons chosen by the Secretary from outside the Federal Government, which would advise the Secretary with respect to the educational programs of the Department. I recommend the enactment of legislation authorizing the defrayal of the expenses of this Committee. The creation of such a Committee as an advisory body to the Secretary will help insure the maintenance of responsibility for the public educational system in State and local governments while preserving the national interest in education through appropriate Federal action.
After investigation I have found and hereby declare that each reorganization included in Reorganization Plan No. 1 of 1953 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended. I have also found and hereby declare that by reason of these reorganizations, it is necessary to include in the reorganization plan provisions for the appointment and compensation of the new officers specified in sections 1, 2, 3, and 4 of the reorganization plan. The rates of compensation fixed for these officers are, respectively, those which I have found to prevail in respect of comparable officers in the executive branch of the Government.

Although the effecting of the reorganizations provided for in the reorganization plan will not in itself result in immediate savings, the improvement achieved in administration will in the future allow the performance of necessary services at greater savings than present operations would permit. An itemization of these savings in advance of actual experience is not practicable.

Ex. Ord. No. 11583. Office of Consumer Affairs

Consumer protection fosters a market place in which our competitive economic system flourishes best. It is good for businessmen because it gives the consumer greater confidence in the goods and services provided by business. It is good for consumers because it reinforces the concept of buyers’ rights:

— the right to make an intelligent choice among products and services;
— the right to accurate information on which to make a free choice;
— the right to expect that the health and safety of the buyer is taken into account by those who seek his patronage;
— the right to register dissatisfaction, and have a complaint heard and weighed, when a buyer’s interests are badly served.

The Special Assistant to the President for Consumer Affairs is performing an important role in representing consumer interests in the Federal Government. It is important that the role of the office of the Special Assistant be reinforced by increasing its responsibilities and reemphasizing its importance.

There is need for a consumer office within the Executive Office of the President, which not only advises and represents the President on matters of consumer interest, but also analyzes and coordinates the implementation of all Federal activities in the field of consumer protection, helping to establish priorities and resolve conflicts, and recommending ways in which governmental consumer programs can be made more effective.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

Section 1. Office of Consumer Affairs. The Office of Consumer Affairs (hereinafter referred to as the “Office”) is hereby established in the Executive Office of the President. The Office shall be headed by a Director, who shall be appointed by the President, and there shall be in the Office two Deputy Directors who shall also be appointed by the President. The Deputy Directors shall perform such duties as the Director may designate, and in case of a vacancy in the office of Director or during the absence or incapacity of the Director, the Deputy Directors, in the order designated by the President, shall act as Director. The Director and Deputy Directors shall receive compensation at such rates as the President, consonant with law, may hereafter determine.

Sec. 2. Powers and duties of the Director. (a) The Director shall be responsible for the exercise of the powers and the discharge of the duties of the Office, and shall have the authority to direct and supervise all personnel and activities thereof. The Director shall take all actions as may be necessary to organize the Office so as to carry out the functions and to achieve the purposes set forth in this order.

(b) In addition to any other authority conferred upon him by this order, the Director is authorized, in carrying out his functions hereunder, to—

(1) appoint one or more advisory committees composed of such private citizens and officials of the Federal, State, and local governments as he deems desirable to advise him with respect to his functions. Members of such committees (including the Consumer Advisory Council established in section 5 of this order) other than those regularly employed by the Federal Government, while attending meetings of such committees or otherwise serving at the request of the Director, shall be entitled to receive compensation and travel expenses as authorized by law for persons serving intermittently;

(2) promulgate such rules, regulations, and procedures as may be necessary to carry out the functions vested in him or in the Office, and delegate authority for the performance of any function to any officer or employee under his direction and supervision;
(3) utilize, with their consent, the services, personnel, and facilities of other Federal, State, local and private agencies and instrumentalities with or without reimbursement thereof except as reimbursement may be required by law; and

(c) The Director shall report periodically to the President on significant developments affecting the interests of consumers together with such recommendations including legislative recommendations as he deems appropriate.

Sec. 3. Functions. (a) The Office shall advise the President as to all matters affecting the interest of consumers.

(b) The Office shall—

(1) with respect to consumer interests in Federal policies and programs, encourage and assist in development and implementation of consumer programs; coordinate and review policies and programs; seek resolution of conflicts; advise and make recommendations to Federal agencies with respect to policy matters, the effectiveness of their programs and operations, and the elimination of duplications;

(2) assure that the interests of consumers are presented and considered in a timely manner by the appropriate levels of the Federal Government in the formulation of policies and in the operation of programs that affect the consumer interest;

(3) conduct investigations, conferences, and surveys concerning the needs, interests and problems of consumers, except that it shall, where feasible, avoid duplicating activities conducted by other Federal agencies;

(4) submit recommendations to the President on how Federal programs and activities affecting consumers can be improved;

(5) take action with respect to consumer complaints to the extent authorized by section 4 of this order;

(6) perform the functions assigned to the President’s Committee on Consumer Interests in Executive Order No. 11566 of October 26, 1970;

(7) encourage and coordinate the development of information of interest to consumers by Federal agencies and the publication and distribution of materials which will inform consumers of matters of interest to them in language which is readily understandable by the layman;

(8) encourage and coordinate research conducted by Federal agencies leading to improved consumer products, services, and consumer information;

(9) encourage, initiate, coordinate, evaluate, and participate in consumer education programs and consumer counseling programs;

(10) encourage, cooperate with, and assist State and local governments in the promotion and protection of consumer interests; and

(11) cooperate with and encourage private enterprise in the promotion and protection of consumer interest.

Sec. 4. Consumer complaints. (a) Whenever the Office receives from any source complaints or other information disclosing a possible violation of (1) any law of the United States or (2) any rule or order of any Federal agency concerning consumer interests, the Office shall promptly transmit such complaint or other information to the Federal agency charged with the duty of enforcing such law, rule, or order, for appropriate action.

(b) Whenever the Office receives complaints or other information disclosing any commercial or trade practice which it deems detrimental to the general interests of consumers within the United States, and which is not included within the category specified in subsection (a) of this section, the Office may transmit such complaint or other information promptly to the Federal, State, or local agency whose regulatory or other authority provides the most effective means to act upon them; the Office may in its discretion also refer such complaint or other information to the private persons or industry against whom the complaint is made.

Sec. 5. Consumer Advisory Council. (a) There is hereby established in the Office a Consumer Advisory Council to be composed of not more than 12 members appointed by the President. Members shall be appointed on the basis of their knowledge and experience in areas of interest to consumers and their demonstrated ability to exercise independent, informed, and critical judgment.

(b)(1) Members shall be appointed for two-year terms. Members of the Consumer Advisory Council, established pursuant to Executive Order No. 11136 of January 3, 1964, as amended, shall continue in office in accordance with the terms of their original appointments.

(2) Any member chosen to fill a vacancy shall be appointed for the unexpired term of the member he succeeds.

(3) A vacancy in the Council shall not affect its authority to act, and a majority of the members thereof shall constitute a quorum.

(c) The President shall designate the Chairman from among the members composing the Council. The Council shall meet at the call of the Director. The Director shall be an ex-officio member of the Council and its Executive Secretary.
(d) The Council shall advise the Director with respect to—

(1) policy matters relating to consumer interests; and

(2) the effectiveness of Federal programs and operations, which affect the interests of consumers; and

(3) problems of primary importance to consumers, and ways in which unmet consumer needs can appropriately be met through Federal Government action.

Sec. 6. Consideration of the consumer interest in Federal agency determinations. Every Federal agency in taking any action of a nature which can reasonably be construed as substantially affecting the interests of consumers of products and services, including, but not limited to, (1) the promulgation of rules, regulations, or guidelines, (2) the formulation of written policy decisions, or (3) the issuance of orders, decrees, or standards, shall, in taking such action, give due consideration to the valid interests of consumers.

Sec. 7. Abolition of Committee and Council. Except as otherwise provided herein, the President’s Committee on Consumer Interests and the Consumer Advisory Council established under Executive Order No. 11136 of January 3, 1964, as amended by Executive Order No. 11349 of May 1, 1967, are abolished.

Sec. 8. Construction. Nothing in this order shall be construed as subjecting any function vested by law in, or assigned pursuant to law to, any Federal agency or the head thereof to the authority of any other agency or officer or as abrogating or restricting any such function in any manner.

Sec. 9. Orders superseded. Executive Order No. 11136 of January 3, 1964, and Executive Order No. 11349 of May 1, 1967, are hereby superseded.

Under and by virtue of the authority vested in me by section 301 of title 3 of the United States Code [section 301 of title 3, The President] and as President of the United States of America, it is hereby ordered as follows:

Section 1. The Office of Consumer Affairs, established by Executive Order No. 11583 of February 24, 1971, as amended by Executive Order No. 11595 of May 26, 1971 [set out above], together with its functions, is hereby transferred from the Executive Office of the President to the Department of Health and Human Services. The Director of the Office of Consumer Affairs shall continue as the Special Assistant to the President for Consumer Affairs.

Sec. 2. In view of the establishment of the Council on Economic Policy, the Cabinet Committee on Economic Policy, together with its functions, is hereby abolished and Executive Order No. 11453 of January 24, 1969, is hereby revoked.

1–2. Functions of the Council

1–201. The Council shall provide leadership and coordination to ensure that agency consumer programs are implemented effectively; and shall strive to maximize effort, promote efficiency and interagency cooperation, and to eliminate duplication and inconsistency among agency consumer programs.

1–302. The Chairperson shall be the presiding officer of the Council and shall determine the times when the Council shall convene.

1–303. The Chairperson shall establish such policies, definitions, procedures, and standards to govern the implementation, interpretation, and application of this Order, and generally perform such functions and take such steps, as are necessary or appropriate to carry out the provisions of this Order.

1–4. Consumer Program Reforms

1–401. The Chairperson, assisted by the Council, shall ensure that agencies review and revise their operating procedures so that consumer needs and interests are adequately considered and addressed. Agency consumer programs should be tailored to fit particular agency characteristics, but those programs shall include, at a minimum, the following five elements:

(a) Consumer Affairs Perspective. Agencies shall have identifiable, accessible professional staffs of consumer affairs personnel authorized to participate, in a manner not inconsistent with applicable statutes, in the development and review of all agency rules, policies, programs, and legislation.

(b) Consumer Participation. Agencies shall establish procedures for the early and meaningful participation by consumers in the development and review of all agency rules, policies, and programs. Such procedures shall include provisions to assure that consumer concerns are adequately analyzed and considered in decisionmaking. To facilitate the expression of those concerns, agencies shall provide for forums at which consumers can meet with agency decisionmakers. In addition, agencies shall make affirmative efforts to inform consumers of pending proceedings and of the opportunities available for participation therein.

(c) Informational Materials. Agencies shall produce and distribute materials to inform consumers about the agencies’ responsibilities and services, about their procedures for consumer participation, and about aspects of the marketplace for which they have responsibility. In addition, each agency shall make available to consumers who attend agency meetings open to the public materials designed to make those meetings comprehensible to them.
(d) Education and Training. Agencies shall educate their staff members about the Federal consumer policy embodied in this Order and about the agencies’ programs for carrying out that policy. Specialized training shall be provided to agency consumer affairs personnel and, to the extent considered appropriate by each agency and in a manner not inconsistent with applicable statutes, technical assistance shall be made available to consumers and their organizations.

(e) Complaint Handling. Agencies shall establish procedures for systematically logging in, investigating, and responding to consumer complaints, and for integrating analyses of complaints into the development of policy.

1–402. The head of each agency shall designate a senior-level official within that agency to exercise, as the official’s sole responsibility, policy direction for, and coordination and oversight of, the agency’s consumer activities. The designated official shall report directly to the head of the agency and shall apprise the agency head of the potential impact on consumers of particular policy initiatives under development or review within the agency.

1–5. Implementation of Consumer Program Reforms

1–502. Each agency shall, within 30 days after the close of the public comment period on its draft consumer program, submit a revised program to the Chairperson. The Chairperson shall be responsible, on behalf of the President, for approving agency programs for compliance with this Order before their final publication in the Federal Register. Each agency’s final program shall be published no later than 90 days after the close of the public comment period, and shall include a summary of public comments on the draft program and a discussion of how those comments are reflected in the final program.

1–503. Each agency’s consumer program shall take effect no later than 30 days after its final publication in the Federal Register.

1–504. The Chairperson, with the assistance and advice of the Council, shall monitor the implementation by agencies of their consumer programs.

1–505. The Chairperson shall, promptly after the close of the fiscal year, submit to the President a full report on government-wide progress under this Order during the previous fiscal year. In addition, the Chairperson shall evaluate, from time to time, the consumer programs of particular agencies and shall report to the President as appropriate. Such evaluations shall be informed by appropriate consultations with interested parties.

1–6. Budget Review

1–601. Each agency shall include a separate consumer program exhibit in its yearly budget submission to the Office of Management and Budget. By October 1 of each year the Director of the Office of Management and Budget shall provide the Chairperson with a copy of each of these exhibits. The Chairperson shall thereafter provide OMB with an analysis of the adequacy of the management of, and the funding and staff levels for, particular agency consumer programs.

1–7. Civil Service Initiatives

1–701. In order to strengthen the professional standing of consumer affairs personnel, and to improve the recruitment and training of such personnel, the Office of Personnel Management shall consult with the Council regarding:

(a) the need for new or revised classification and qualification standard(s), consistent with the requirements of Title 5, United States Code, to be used by agencies in their classification of positions which include significant consumer affairs duties;

1–802. The Chairperson shall utilize the assistance of the United States Office of Consumer Affairs in fulfilling the responsibilities assigned to the Chairperson under this Order.

1–803. The Chairperson shall be responsible for providing the Council with such administrative services and support as may be necessary or appropriate; agencies shall assign, to the extent not inconsistent with applicable statutes, such personnel and resources to the activities of the Council and the Chairperson as will enable the Council and the Chairperson to fulfill their responsibilities under this Order.
1–804. The Chairperson may invite representatives of non-member agencies, including independent regulatory agencies, to participate from time to time in the functions of the Council.

1–9. Definitions

1–901. “Consumer” means any individual who uses, purchases, acquires, attempts to purchase or acquire, or is offered or furnished any real or personal property, tangible or intangible goods, services, or credit for personal, family, or household purposes.

(a) independent regulatory agencies, except as noted in subsection 1–804;

(b) agencies to the extent that their activities fall within the categories excepted in Sections 6(b)(2), (3), (4), and (6) of Executive Order No. 12044 [5 U.S.C. 553 note].
