(v) The number of losses of civilian positions, by appropriation account, due to reductions in force, furloughs, or functional transfers or other significant transfers of work away from the military department, Defense Agency, or other component.

(D) Information that indicates the extent to which the Department of Defense management review initiatives of the Secretary of Defense and other productivity enhancement programs of the Department of Defense significantly affect the number of losses of civilian positions, particularly administrative and management positions.

(4) The Secretary of Defense shall include in the materials referred to in paragraph (1) a report on the implementation of the master plan for the fiscal year immediately preceding the fiscal year for which such materials are submitted.

(d) Exceptions.— The Secretary of Defense may permit a variation from the guidelines established under subsection (b) or a master plan prepared under subsection (c) if the Secretary determines that such variation is critical to the national security. The Secretary shall immediately notify the Congress of any such variation and the reasons for such variation.
