§ 1397bb. General contents of State child health plan; eligibility; outreach

(a) General background and description

A State child health plan shall include a description, consistent with the requirements of this subchapter, of—

(1) the extent to which, and manner in which, children in the State, including targeted low-income children and other classes of children classified by income and other relevant factors, currently have creditable health coverage (as defined in section 1397jj (c)(2) of this title);

(2) current State efforts to provide or obtain creditable health coverage for uncovered children, including the steps the State is taking to identify and enroll all uncovered children who are eligible to participate in public health insurance programs and health insurance programs that involve public-private partnerships;

(3) how the plan is designed to be coordinated with such efforts to increase coverage of children under creditable health coverage;

(4) the child health assistance provided under the plan for targeted low-income children, including the proposed methods of delivery, and utilization control systems;

(5) eligibility standards consistent with subsection (b) of this section;

(6) outreach activities consistent with subsection (c) of this section; and

(7) methods (including monitoring) used—

(A) to assure the quality and appropriateness of care, particularly with respect to well-baby care, well-child care, and immunizations provided under the plan, and

(B) to assure access to covered services, including emergency services and services described in section 1397cc (c)(5) of this title.

(b) General description of eligibility standards and methodology

(1) Eligibility standards

(A) In general

The plan shall include a description of the standards used to determine the eligibility of targeted low-income children for child health assistance under the plan. Such standards may include (to the extent consistent with this subchapter) those relating to the geographic areas to be served by the plan, age, income and resources (including any standards relating to spenddowns and disposition of resources), residency, disability status (so long as any standard relating to such status does not restrict eligibility), access to or coverage under other health coverage, and duration of eligibility. Such standards may not discriminate on the basis of diagnosis.

(B) Limitations on eligibility standards

Such eligibility standards—

(i) shall, within any defined group of covered targeted low-income children, not cover such children with higher family income without covering children with a lower family income;

(ii) may not deny eligibility based on a child having a preexisting medical condition;

(iii) may not apply a waiting period (including a waiting period to carry out paragraph (3)(C)) in the case of a targeted low-income pregnant woman provided pregnancy-related assistance under section 1397ll of this title;
(iv) at State option, may not apply a waiting period in the case of a child provided
dental-only supplemental coverage under section 1397jj (b)(5) of this title; and
(v) shall, beginning January 1, 2014, use modified adjusted gross income and household
income (as defined in section 36B(d)(2) of the Internal Revenue Code of 1986) to
determine eligibility for child health assistance under the State child health plan or under
any waiver of such plan and for any other purpose applicable under the plan or waiver
for which a determination of income is required, including with respect to the imposition
of premiums and cost-sharing, consistent with section 1396a (e)(14) of this title.

(2) Methodology
The plan shall include a description of methods of establishing and continuing eligibility and
enrollment.

(3) Eligibility screening; coordination with other health coverage programs
The plan shall include a description of procedures to be used to ensure—
(A) through both intake and followup screening, that only targeted low-income children are
furnished child health assistance under the State child health plan;
(B) that children found through the screening to be eligible for medical assistance under the
State medicaid plan under subchapter XIX of this chapter are enrolled for such assistance
under such plan;
(C) that the insurance provided under the State child health plan does not substitute for
coverage under group health plans;
(D) the provision of child health assistance to targeted low-income children in the State who
are Indians (as defined in section 1603 (c) \textsuperscript{1} of title 25); and
(E) coordination with other public and private programs providing creditable coverage for
low-income children.

(4) Reduction of administrative barriers to enrollment
(A) In general
Subject to subparagraph (B), the plan shall include a description of the procedures used to
reduce administrative barriers to the enrollment of children and pregnant women who are
eligible for medical assistance under subchapter XIX or for child health assistance or health
benefits coverage under this subchapter. Such procedures shall be established and revised as
often as the State determines appropriate to take into account the most recent information
available to the State identifying such barriers.

(B) Deemed compliance if joint application and renewal process that permits
application other than in person
A State shall be deemed to comply with subparagraph (A) if the State’s application and
renewal forms and supplemental forms (if any) and information verification process is the
same for purposes of establishing and renewing eligibility for children and pregnant women
for medical assistance under subchapter XIX and child health assistance under this subchapter,
and such process does not require an application to be made in person or a face-to-face
interview.

(5) Nonentitlement
Nothing in this subchapter shall be construed as providing an individual with an entitlement to
child health assistance under a State child health plan.

(c) Outreach and coordination
A State child health plan shall include a description of the procedures to be used by the State to
accomplish the following:
(1) Outreach

Outreach (through community health workers and others) to families of children likely to be eligible for child health assistance under the plan or under other public or private health coverage programs to inform these families of the availability of, and to assist them in enrolling their children in, such a program.

(2) Coordination with other health insurance programs

Coordination of the administration of the State program under this subchapter with other public and private health insurance programs.

(3) Premium assistance subsidies

In the case of a State that provides for premium assistance subsidies under the State child health plan in accordance with paragraph (2)(B), (3), or (10) of section 1397ee (c) of this title, or a waiver approved under section 1315 of this title, outreach, education, and enrollment assistance for families of children likely to be eligible for such subsidies, to inform such families of the availability of, and to assist them in enrolling their children in, such subsidies, and for employers likely to provide coverage that is eligible for such subsidies, including the specific, significant resources the State intends to apply to educate employers about the availability of premium assistance subsidies under the State child health plan.
