TITLE 49 - TRANSPORTATION
SUBTITLE V - RAIL PROGRAMS
PART C - PASSENGER TRANSPORTATION
CHAPTER 243 - AMTRAK

§ 24307. Special transportation

(a) Reduced Fare Program.— Amtrak shall maintain a reduced fare program for the following:

(1) individuals at least 65 years of age.

(2) individuals (except alcoholics and drug abusers) who—

(A) have a physical or mental impairment that substantially limits a major life activity of the individual;

(B) have a record of an impairment; or

(C) are regarded as having an impairment.

(b) Employee Transportation.—

(1) In this subsection, “rail carrier employee” means—

(A) an active full-time employee of a rail carrier or terminal company and includes an employee on furlough or leave of absence;

(B) a retired employee of a rail carrier or terminal company; and

(C) a dependent of an employee referred to in clause (A) or (B) of this paragraph.

(2) Amtrak shall ensure that a rail carrier employee eligible for free or reduced-rate rail transportation on April 30, 1971, under an agreement in effect on that date is eligible, to the greatest extent practicable, for free or reduced-rate intercity rail passenger transportation provided by Amtrak under this part, if space is available, on terms similar to those available on that date under the agreement. However, Amtrak may apply to all rail carrier employees eligible to receive free or reduced-rate transportation under any agreement a single systemwide schedule of terms that Amtrak decides applied to a majority of employees on that date under all those agreements. Unless Amtrak and a rail carrier make a different agreement, the carrier shall reimburse Amtrak at the rate of 25 percent of the systemwide average monthly yield of each revenue passenger-mile. The reimbursement is in place of costs Amtrak incurs related to free or reduced-rate transportation, including liability related to travel of a rail carrier employee eligible for free or reduced-rate transportation.

(3) This subsection does not prohibit the Interstate Commerce Commission from ordering retroactive relief in a proceeding begun or reopened after October 1, 1981.

“(b) Actions To Ensure Access.—Amtrak may act to ensure access to intercity transportation for elderly or handicapped individuals on passenger trains operated by or for Amtrak. That action may include—

“(1) acquiring special equipment;

“(2) conducting special training for employees;

**Accessibility by Individuals With Disabilities**

“(a) In General.—Amtrak, in consultation with station owners and other railroads operating service through the existing stations that it serves, shall evaluate the improvements necessary to make these stations readily accessible to and usable by individuals with disabilities, as required by such section 242(e)(2) of the Americans with Disabilities Act of 1990 (42 U.S.C. 12162 (e)(2)). The evaluation shall include, for each applicable station, improvements required to bring it into compliance with the applicable parts of such section 242(e)(2), any potential barriers to achieving compliance, including issues related to passenger rail station platforms, the estimated cost of the improvements necessary, the identification of the responsible person (as defined in section 241(5) of that Act (42 U.S.C. 12161 (5))), and the earliest practicable date when such improvements can be made. The evaluation shall also include a detailed plan and schedule for bringing all applicable stations into compliance with the applicable parts of section 242(e)(2) by the 2010 statutory deadline for station accessibility. Amtrak shall submit the evaluation to the Committee on Transportation and Infrastructure of the House of Representatives; the Committee on Commerce, Science, and Transportation of the Senate; the Department of Transportation; and the National Council on Disability by February 1, 2009, along with recommendations for funding the necessary improvements. Should the Department of Transportation issue any rule related to transportation for individuals with disabilities by intercity passenger rail after Amtrak submits its evaluation, Amtrak shall, within 120 days after the date that such rule is published, submit to the above parties a supplemental evaluation on any impact of the rule on its cost and schedule for achieving full compliance.

“(b) Accessibility Improvements and Barrier Removal for People With Disabilities.—There are authorized to be appropriated to the Secretary [of Transportation] for the use of Amtrak such sums as may be necessary to improve the accessibility of facilities, including rail platforms, and services.”

“(1) Access improvements at certain shared stations.—Amtrak is responsible for its share, if any, of the costs of accessibility improvements required by the Americans With Disabilities Act of 1990 [42 U.S.C. 12101 et seq.] at any station jointly used by Amtrak and a commuter authority.

“(2) Certain requirements not to apply until 1998.—Amtrak shall not be subject to any requirement under subsection (a)(1), (a)(3), or (e)(2) of section 242 of the Americans With Disabilities Act of 1990 (42 U.S.C. 12162) until January 1, 1998.”
